FORTY THOUSAND ON HAND

Army of Aged Warriors Appears United  
in Sentiment and Fact, as Foes  
of Fifty Years Ago March Together,  
Eat Together and Swap Stories Over  
Camp Fires—First Minnesota Re-  
ceives an Ovation on Its Arrival.Gettysburg, Pa., July 1.—Over the  
field of Gettysburg, where 150,000 men  
in blue and gray fought with the  
weapons of war fifty years ago, the  
soldiers of peace from the North and  
the South, the East and the West,  
crowded to the tented city of brown  
where they will live in the four days  
of semi-centennial celebration.It was an army united in sentiment  
and united in fact, for the blue linked  
arms with the gray. They marched  
the dusty road together, they sat down  
at the same mess tables and talked  
over the war before the same camp  
fires.If there was any rancor in any  
heart, any feeling of bitterness, it did  
not come to the surface and over the  
road of the "city" reunions  
of those who won and those who tried  
went on hour after hour.Officials of the regular army in  
charge of the camp estimated that  
nearly 15,000 veterans came in, bring-  
ing the total close to 40,000, probably  
the greatest army that ever assembled  
on Gettysburg field after Lee and  
Grant left it to glory and to history.The sun blazed just as fiercely as  
ever, but down from the Blue Ridge  
tumbled a lively little breeze that  
stirred the fading grass and cutting in  
the open tent flaps, carrying vigor to  
the tired veterans.In consequence of this relief there  
were fewer prostrations and the sur-  
roundings at relief and hospital stations  
showed that the list of the sick and dead  
will be small.The First Minnesota veterans, the  
command which suffered the greatest  
percentage of loss of any regiment in  
the Gettysburg battle, were greeted  
with cheers on their arrival here. The  
Minnesotans are accompanied by Gov-  
ernor Eberhart of that state.Edgar A. Bigsley, a veteran of Wau-  
watosa, Wis., was found dead in his  
tent. This brings the death list to  
three.

## DELAY ON CURRENCY BILL

House Committee Wants Time to  
Look Measure Over.Washington, July 1.—The speed of  
the smoothly geared legislative ma-  
chinery planned to rush the admin-  
istration currency bill through the  
house with dispatch was reduced at a  
conference of the Democratic mem-  
bers of the house banking and cur-  
rency committee.The majority members decided to  
allow themselves a week to think the  
bill over. They will meet again next  
Monday to plan the course of the  
measure through the committee, to  
discuss holding public hearings on  
the bill and making committee delib-  
erations open to the public.Meantime Chairman Glass was au-  
thorized to select an expert to ad-  
vise with the committee. H. Parker  
Willis of New York may be the ex-  
pert.

## UNCLE SAM BUYS FOREST

Total Acreage of 113,909 Purchased  
by Government.Washington, July 1.—The first for-  
est upon the watershed of the Ohio  
river to be acquired for the govern-  
ment was approved for purchase by  
the national forestry reservation  
commission.It is included in what is known as  
the Monongahela area, at the head  
of the Monongahela river, and em-  
braces two tracts aggregating 20,567  
acres, for which an average price of  
\$3.06 an acre is to be paid.Four acres in all were approved,  
the total acreage being 113,909, the  
largest purchase ever passed upon by  
the commission at one time.

## SUSPEND FLAX RATE RAISE

Twin Cities Affected by Order of In-  
terstate Commerce Body.Washington, July 1.—Increases in  
freight rates on flaxseed, ranging  
from 6 to 11½ cents a hundred  
pounds, from the Twin Cities and other  
Northwestern points to Missouri  
river destinations, were suspended  
by the interstate commerce commis-  
sion until Oct. 29.

## Japs Send Another Note.

Washington, July 1.—Viscount Chin-  
da, the Japanese ambassador, in-  
formed Secretary Bryan that the Japa-  
nese foreign office had dispatched to  
him for delivery to the United States  
a note additional to the last Japanese  
rejoinder in the matter of the Califor-  
nia alien land law negotiations.

## Wilson Signs Indian Bill.

Washington, July 1.—The Indian ap-  
propriation bill, carrying \$11,000,000  
for the fiscal year beginning today,  
has been signed by President Wilson.INQUIRY WILL

## SUMMONS WALL STREET MEN

Disclosures of Martin M. Mulhall of  
Baltimore, Former Agent of the Na-  
tional Association of Manufacturers,  
Will Be Taken Up as Soon as Possi-  
ble—Chairman Overman Confers  
With President Wilson.Washington, July 1.—Investigation  
of lobbyists and lobbies by the senate  
will reopen Wednesday, with a num-  
ber of prominent Wall street men as  
witnesses.Chairman Overman of the special  
committee decided, after a talk with  
President Wilson and informal con-  
ferences with his committee asso-  
ciates, to renew activity at once, in-  
stead of waiting until July 8, as had  
been planned.Claims of Martin M. Mulhall of Bal-  
timore, that as lobbyist for the Na-  
tional Association of Manufacturers  
he had maintained for years close re-  
lations with certain members of con-  
gress and financed their campaigns for  
re-election, have moved the lobby  
committee to interrogate all persons  
connected with any of the recent lob-  
by disclosures, as rapidly as they can  
be heard.Witnesses for Wednesday include  
Paul Cravath and Lewis Cass Led-  
yard, prominent New York attorneys,  
and David Lamar, a Wall street finan-  
cial man.The investigation will center about  
charges recently made by Robert S.  
Lovett of the Union Pacific railroad  
that many New York financiers and  
lawyers had been approached over the  
telephone by lobbyists and persons  
representing themselves to be mem-  
bers of congress.Until this branch of the inquiry is  
disposed of the committee probably  
will not take up the more recent dis-  
closures of Mr. Mulhall. Mulhall is  
under subpoena to appear July 8 and  
steps have been taken by the senate  
committee to get possession of the let-  
ters and papers Mr. Mulhall preserved,  
bearing upon his alleged operations as  
a lobbyist.

## ANSWERS MULHALL CHARGES

Colonel Pope Says Manufacturers Dis-  
missed Agent.New York, July 1.—In a statement  
issued Colonel George Pope, president  
of the National Association of Manu-  
facturers, replied to charges made by  
Martin M. Mulhall."During his connection with the as-  
sociation Mr. Mulhall was continuous-  
ly promoting, as has since been  
learned, many private and personal  
matters of his own, especially in the  
political field," he said. "In these pri-  
vate matters he has used the name of  
the association and assumed to repre-  
sent it without authority. It was the  
discovery of activities of this kind on  
his part, coupled with other serious  
betrayals of trust, that caused his dis-  
missal by the association."

## KIRBY DISCUSSES CHARGES

Says Mulhall Was Dismissed by Manu-  
facturers for Unreliability.San Francisco, July 1.—"Mulhall  
was dismissed by the National Asso-  
ciation of Manufacturers for unreli-  
ability. His business was to look out  
for the association's interest, gener-  
ally knowing new members. He, with  
my knowledge or consent, never was  
engaged in influencing legislation of  
any sort for the association."This was the statement made by  
John Kirby, Jr., former president of  
the National Association of Manu-  
facturers, when his attention was called  
to the "confession" made in Wash-  
ington by Colonel M. M. Mulhall, for-  
mer employee of the association.

## DROWNINGS ON IRON RANGE

One Fatality Near Hibbing and Another  
at Biwabik.Duluth, July 1.—Drownings, storms  
with damage and intense heat were  
experienced on the Minnesota Iron  
range.George Nara, a miner, twenty-two  
years old, was drowned near Hibbing  
while bathing.Near Biwabik, Arthur Ekman was  
drowned in the Whiteface river.

## SEVEN DIE IN GOTHAM [FIRE]

Bodies Taken From Hotel Debris In-  
clude Woman and Child.New York, July 1.—The bodies of  
seven persons, lodgers in Till's hotel,  
a small place at 66 Greenwich street,  
were taken from the top floor after a  
fire in the building. One of the bodies  
is that of a woman and another of a  
three-year-old child. None has been  
identified. A dozen injured were taken  
to hospitals.

## JAMES A. FOWLER.

Assistant Attorney General  
Intends to Retire Aug. 1.

## TRUST BUSTER WILL RESIGN

Fowler Delays Withdrawal at Re-  
quest of Chief.Washington, July 1.—James A.  
Fowler, assistant to Attorney General  
McKendall and "trust buster" of  
both the Taft and Wilson administra-  
tions, will resign on Aug. 1. He had  
intended retiring today, but at the  
request of the attorney general will  
remain another month.DOZEN BOYS DROWN  
WHEN BRIDGE FALLSCrowd on Frail Structure Lead-  
ing to Bathhouse.Lawrence, Mass., July 1.—A nar-  
row wooden walk leading over fifteen  
feet of water to the municipal bath-  
house in the Merrimack river gave  
way under the feet of a crowd of im-  
patient boys and at least twelve of  
the little fellows were drowned.There may be more bodies in the  
stream.The boys, ranging from nine to fif-  
teen years, were waiting for the  
bathhouse keeper to open the door.  
No one knew how many there were  
in the party, but it is thought that  
forty is a conservative estimate.The boys were jumping up and  
down as they shouted to the keeper  
to open up, when the supports sank  
and the walk extension dropped like  
a trap door, rolling the lads into the  
river.There is a swift current at this  
point drawn by the falls a quarter of  
a mile below and the youngsters  
were caught in this. Many of them  
could not swim. Witnesses say that  
all disappeared in a flash.

## WAGE INCREASE IS PLANNED

Secretary Daniels to Recommend Ad-  
vance in Navy Yards.Washington, July 1.—Wage in-  
creases for employees of Atlantic coast  
navy yards are likely to be recom-  
mended within a short time by Sec-  
retary Daniels.In conference with the naval com-  
mittees of the senate and house the  
secretary announced his purpose of  
giving the men in the yards adequate  
representation on the boards which  
fix the wage scales.Secretary Daniels has summoned  
the commandants of all navy yards  
on the Atlantic coast except Key  
West to assemble in Washington  
Wednesday to take up the wage  
problems.

## BALL GAME CAUSES INSANITY

Farmer Fires Revolver Into Crowd and  
Then Kills Himself.Atchison, Kan., July 1.—Harry  
Schenke, a farmer of Rushville, Mo.,  
who came here to witness a ball game,  
became suddenly insane and after fir-  
ing his revolver into a crowd and  
wounding five persons killed himself.  
The shooting took place on a down-  
town street after Schenke had in-  
dulged in an argument over the ball  
game. It is not believed any of the  
others struck will die from their  
wounds. Schenke's sudden insanity  
was attributed by physicians to ex-  
citement, coupled with the intense  
heat.

## Miss Wilson Goes Home.

Madison, Wis., July 1.—Miss Mar-  
garet Wilson, daughter of the presi-  
dent, ended a two weeks' visit in  
Madison as the guest of Mr. and Mrs.  
Joseph E. Davies. She returned to  
Washington.

## Unafraid.

"Well, my dear," said Mr. Wiggins  
on the night of election day, "did you  
vote this morning?"  
"I did indeed," replied Mrs. Wiggins.  
"I not only voted, but I wrote out my  
reasons for voting as I did on the back  
of the ballot and signed my name. You  
men may feel the need of a secret bal-  
lot, but I'm not afraid to have anybody  
know how I voted or why."—Fun.BILL DRAFTING IS

Talk, but Caucus Controls.

BUT THAT'S NOTHING NEW.

Doubtful Whether Tariff Bill or Cur-  
rency Bill Could Have Been Improved  
by a Free For All Discussion With  
Attendant Amendments—Backing Up  
Wilson—Anti-suffragists Busy.

By ARTHUR W. DUNN.

Washington, July 1.—[Special.]—  
While there is so much said about the  
rule of the people, the initiative and  
referendum and other matters looking  
toward giving the people more active,  
direct and personal interest in the  
business of government, it is interest-  
ing to note how it works out in actual  
legislative procedure.Already it has been demonstrated  
that the tariff was formulated by a  
very few in the recesses of a commit-  
tee room. It was considered by a cauc-  
us and put through the house without  
change. The procedure in the senate  
has not differed to any extent up to  
the present time.The currency bill was even more  
closely kept. Not even the majority  
members of the banking and currency  
committee had anything to do with it  
and made a complaint on that account.  
Chairman Glass, Chairman Owen, Sec-  
retary McAdoo and the president  
formulated, drafted and presented the  
currency measure to congress for ac-  
tion.

Not a New Method.

The manner in which the important  
legislation of the present congress has  
been conducted is not new. It has al-  
ways been a very few who took hold  
and formulated bills. But the interest-  
ing part of it is that the present con-  
gress has been more inclined to "few  
men power" than any of its predecess-  
ors. And this in a day when there has  
been such a clamor for machine  
smashing and for allowing the people  
more voice in their affairs.Naturally the question will be asked  
whether a better tariff bill or a better  
currency bill could have been formu-  
lated had both been thrown into the  
hopper and a free for all discussion  
with the privilege of all sorts of  
amendments allowed. It is doubtful  
whether the measures could have been  
improved in that way, but the repre-  
sentatives of the people would have  
had a real opportunity to initiate leg-  
islation.

Gallinger Inquires.

"What is peyote?" asked Senator  
Gallinger during the consideration of  
the Indian bill."The senator from New Mexico can  
explain," replied Chairman Stone."But I would prefer to have the sen-  
ator from Missouri explain," persisted  
Gallinger, who saw a little fun in it.But Stone turned to Senator Fall,  
who told the senate that peyote was a  
drink which the Indians made from  
cactus, which was not so intoxicating  
as whisky, but a fair substitute.

A Lone Figure.

Martin Maginnis, who was last a de-  
legate from Montana back in 1887, was  
in the house recently and wandered  
about the back rows looking over the  
members to see if there was any one  
he knew. Only Seneca Payne and  
Fred Talbot were in the house when  
he was last here, and the major looked  
very lonely. He felt like a real "has  
been" when he saw only two familiar  
faces.

His Occupation Gone.

Congressman Roddenberry of Geor-  
gia is still in the house. The fact that  
he has not appeared in print nor en-  
livened the pages of the Congressional  
Record is because there has been no  
pension legislation thus far during the  
session. If the house keeps back all  
bills save a very few which have been  
agreed upon by the Democratic cauc-  
sus Roddenberry's occupation will  
surely be gone. But there is the regu-  
lar session next winter. Then there  
must be pension legislation, and the  
Georgia member can renew his fight.

Appraised Wilson.

The Democratic members applauded  
President Wilson when he concluded  
his currency message, and yet there  
were mighty few among them who in  
private had not kicked vigorously  
against taking up currency legislation  
at this session. Most of them believed  
it was unnecessary, that time should  
be given to study the question or that  
the money trust investigation should  
go forward before action is taken. But  
still they applauded. The Democratic  
party is standing solidly behind Wil-  
son.

The Antis Are Working.

The woman suffragists are not going  
to have everything their own way in  
the coming contest before congress. If  
there is a real contest to amend the  
constitution so as to permit women to  
vote. The antis are well organized in  
Washington and are working hard to  
prevent any action being taken.

Getting in the Record.

It is observed that considerable lit-  
erature of one kind or another is get-  
ting into the Record which points out  
that this is no time to give the Philip-  
pine independence. If President Wil-  
son makes Philippine independence a  
part of his program in the next session  
of congress he is likely to have a deal  
of opposition in his own party.

WAR PROVE FUTILEBalkan States Are Now Fight-  
ing Among Themselves.London, July 1.—Prolonged efforts  
of the powers to prevent the out-  
break of a fratricidal war between  
the Balkan allies have failed.Fighting began all along the lines  
where the Bulgarian forces are facing  
the Servians and Greeks. According  
to the Greek official account the Bul-  
garian attack extended over the  
Greek and Servian front of 140 miles.The opposing armies accuse each  
other of initiating the offensive. The  
Bulgarian representatives at Athens  
and Belgrade respectively have pre-  
sented notes protesting against Greek  
and Servian attacks. The Servian  
government replied by charging that  
the Bulgarians are making attacks  
and repudiating all responsibility.An Athens dispatch to the Daily  
Telegraph reports that fighting took  
place at Saloniki between the Greeks  
and the Bulgarians.Finally the Bulgarian garrison sur-  
rendered and the town became quiet.

## HEAT CAUSES MANY DEATHS

Eighty-four Persons Succumb in the  
Central West.Chicago, July 1.—Reports received  
showed eighty-four persons died as a  
result of the heat wave in the Central  
West.The heat wave, which has continued  
uninterruptedly for six days, extended  
from Denver to Pittsburgh, Pa., and  
as far north as Lake Superior.From 96 degrees at Pittsburgh, the  
temperature through the whole Middle  
West ranged well into the nineties.  
Duluth recording 96 degrees and cul-  
minating with 102 degrees at Chicago.Intense suffering was reported in  
all the large cities enveloped in the  
heat wave.

APPROVE PLANSign Decree Dissolving Big Rail-  
way Combine.

HEARING OCCURS AT ST. PAUL

Federal Judges Sanborn, Hook and  
Smith Make Only One Alteration in  
Agreement Arrived at by the Gov-  
ernment and Union and Southern  
Pacific Lines Providing for Their  
Separation.St. Paul, July 1.—Five hours after  
attorneys for the government and the  
Union Pacific railroad had submitted  
their dissolution plan to the federal  
court the three judges sitting in the  
cases signed a decree ordering it  
made effective at once.Only one change was made in the  
plan as submitted by the attorneys.  
The court added a clause naming  
Lewis C. Krauthoff of New York as  
commissioner to represent the court  
to see that the decree is carried out  
in letter and spirit.The plan as approved by the court  
provides that about \$38,000,000 of the  
capital stock of the Southern Pacific  
held by the Union Pacific shall be ex-  
changed for approximately an equal  
amount of the capital stock of the  
Baltimore and Ohio held by the Penn-  
sylvania road. The remainder of the  
Southern Pacific stock held by the  
Union Pacific will be put in the hands  
of a trust to be disposed of under the  
direction of the court.The speedy settlement of the case  
by the judges of the United States cir-  
cuit court of Utah, sitting in St. Paul,  
was a surprise to the attorneys for  
the roads and for the government.  
The plan of the railroad attorneys for  
effecting an exchange of the stock of  
the Southern Pacific road held by the  
Union Pacific was found agreeable to  
the judges of the court, with the ex-  
ception of a few minor details.

Becomes Effective at Once.

The signing of the decree by Judges  
W. H. Sanborn, W. C. Hook and W. I.  
Smith means that the dissolution of  
the roads that has been sought by the  
government since 1908 will be effec-  
tive as soon as the decree is filed at  
Salt Lake City. "We deem a decree  
of dissolution more necessary at the  
present time than any other action,"  
said Judge Sanborn, after signing it.The decree as prepared was declared  
by Attorney General J. C. McKendall  
and President Wilson to be satisfac-  
tory. The court denied the request of  
the attorney general made by C. C.  
Todd, special representative, that  
there be a delay before the final ren-  
dering of the decision of the court.The plan in brief, as approved by  
the court, provides that \$38,000,000 of  
the capital stock of the Southern Pa-  
cific road held by the Union Pacific  
shall be exchanged for practically an  
equal amount of the stock of the Bal-  
timore and Ohio road, now held by  
the Pennsylvania road. The remain-  
ing \$88,000,000 worth of stock of the  
Southern Pacific, now in possession of  
the Union Pacific company, will be  
placed in the hands of the Central  
Trust company of New York, appoint-  
ed by the court as trustee of the stock.  
This company will dispose of the stock.

## COMMENDS CURRENCY BILL

Frederick Weyerhaeuser Says Meas-  
ure is Sound.St. Paul, July 1.—Frederick Weyer-  
haeuser, lumber king, one of the  
richest men in the world, says the  
Wilson currency bill is drafted on  
sound principles. Mr. Weyerhaeuser  
says that the government should con-  
trol the reserve board, over which  
there is already much dispute.As the bill is drafted the reserve  
board will be in charge of the redis-  
counting of commercial paper. Dur-  
ing a period of business depression  
national banks, which keep a certain  
portion of their reserves with the  
government, will be able to redis-  
count paper maturing in forty-five  
days.The bill provides that the reserve  
board shall be in the hands of the  
government. Many bankers say that  
the national banks should control the  
board."The government should control the  
board," said Mr. Weyerhaeuser,  
"and that will mean during hard  
times a combination of the banks and  
the government. That is the way it  
should be and as the people want  
it. I have not read the entire bill, but  
I am firmly convinced that the re-  
serve board should be in the hands  
of the government."

## SHAKE HANDS IN BROTHERLY WAY

Men in Blue and Gray Mingle at Gettysburg.

Forty Thousand on Hand

Army of Aged Warriors Appears United in Sentiment and Fact, as Foes of Fifty Years Ago March Together, Eat Together and Swap Stories Over Camp Fires—First Minnesota Receives an Ovation on Its Arrival.

Gettysburg, Pa., July 1.—Over the field of Gettysburg, where 150,000 men in blue and gray fought with the weapons of war fifty years ago, the soldiers of peace from the North and the South, the East and the West, trooped to the tented city of brown where they will live in the four days of semi-centennial celebration.

It was an army united in sentiment and united in fact, for the blue linked arms with the gray. They marched the dusty road together, they sat down at the same mess tables and talked over the war before the same camp fires.

If there was any rancor in any heart, any feeling of bitterness, it did not come to the surface and over the road expanse of the "city" reunions of those who won and those who tried went on hour after hour.

Officials of the regular army in charge of the camp estimated that nearly 15,000 veterans came in, bringing the total close to 40,000, probably the greatest army that ever assembled on Gettysburg field after Lee and Meade left it to glory and to history.

The sun blazed just as fiercely as ever, but from the Blue Ridge tumbled a lively little breeze that stirred the fading grass and cutting in the open tent flaps, carrying vigor to the tired veterans.

In consequence of this relief there were fewer prostrations and the surgeons at relief and hospital stations hope that the list of the sick and dead will be small.

The First Minnesota veterans, the command which suffered the greatest percentage of loss of any regiment in the Gettysburg battle, were greeted with cheers on their arrival here. The Minnesotans are accompanied by Governor Eberhart of that state.

Edgar A. Bigsley, a veteran of Wauwatosa, Wis., was found dead in his tent. This brings the death list to three.

## DELAY ON CURRENCY BILL

House Committee Wants Time to Look Measure Over.

Washington, July 1.—The speed of the smoothly geared legislative machinery planned to rush the administration currency bill through the house with dispatch was reduced at a conference of the Democratic members of the house banking and currency committee.

The majority members decided to allow themselves a week to think the bill over. They will meet again next Monday to plan the course of the measure through the committee, to discuss holding public hearings on the bill and making committee deliberations open to the public.

Meantime Chairman Glass was authorized to select an expert to advise with the committee. H. Parker Willis of New York may be the expert.

## UNCLE SAM BUYS FOREST

Total Acreage of 113,909 Purchased by Government.

Washington, July 1.—The first forest upon the watershed of the Ohio river to be acquired for the government was approved for purchase by the national forestry reservation commission.

It is included in what is known as the Monongahela area, at the head of the Monongahela river, and embraces two tracts aggregating 20,567 acres, for which an average price of \$3.06 an acre is to be paid.

Four areas in all were approved, the total acreage being 113,909, the largest purchase ever passed upon by the commission at one time.

## SUSPEND FLAX RATE RAISE

Twin Cities Affected by Order of Interstate Commerce Body.

Washington, July 1.—Increases in freight rates on flaxseed, ranging from 6 to 11 1/2 cents a hundred pounds, from the Twin Cities and other Northwestern points to Missouri river destinations, were suspended by the interstate commerce commission until Oct. 29.

## Japs Send Another Note.

Washington, July 1.—Viscount Chinda, the Japanese ambassador, informed Secretary Bryan that the Japanese foreign office had dispatched to him for delivery to the United States a note additional to the last Japanese rejoinder in the matter of the California alien land law negotiations.

## Wilson Signs Indian Bill.

Washington, July 1.—The Indian appropriation bill, carrying \$11,000,000 for the fiscal year beginning today, has been signed by President Wilson.

Fowler Delays Withdrawal at Request of Chief.

Washington, July 1.—James A. Fowler, assistant to Attorney General McReynolds and "trust buster" of both the Taft and Wilson administrations, will resign on Aug. 1. He had intended retiring today, but at the request of the attorney general will remain another month.

## DOZEN BOYS DROWN WHEN BRIDGE FALLS

Crowd on Frail Structure Leading to Bathhouse.

Lawrence, Mass., July 1.—A narrow wooden walk leading over a foot of water to the municipal bathhouse in the Merrimack river gave way under the feet of a crowd of impatient boys and at least twelve of the little fellows were drowned.

There may be more bodies in the stream.

The boys, ranging from nine to fifteen years, were waiting for the bathhouse keeper to open the door. No one knew how many there were in the party, but it is thought that forty is a conservative estimate.

The boys were jumping up and down as they shouted to the keeper to open up, when the supports sank and the walk extension dropped like a trap door, rolling the lads into the river.

There is a swift current at this point drawn by the falls a quarter of a mile below and the youngsters were caught in this. Many of them could not swim. Witnesses say that all disappeared in a flash.

## WAGE INCREASE IS PLANNED

Secretary Daniels to Recommend Advance in Navy Yards.

Washington, July 1.—Wage increases for employees of Atlantic coast navy yards are likely to be recommended within a short time by Secretary Daniels.

In conference with the naval committees of the senate and house the secretary announced his purpose of giving the men in the yards adequate representation on the boards which fix the wage scales.

Secretary Daniels has summoned the commandants of all navy yards on the Atlantic coast except Key West to assemble in Washington Wednesday to take up the wage problems.

## BALL GAME CAUSES INSANITY

Farmer Fires Revolver Into Crowd and Then Kills Himself.

Atholison, Kan., July 1.—Harry Schenke, a farmer of Rushville, Mo., who came here to witness a ball game, became suddenly insane and after firing his revolver into a crowd and wounding five persons killed himself.

The shooting took place on a downtown street after Schenke had indulged in an argument over the ball game. It is not believed any of the others struck will die from their wounds. Schenke's sudden insanity was attributed by physicians to excitement, coupled with the intense heat.

## Miss Wilson Goes Home.

Madison, Wis., July 1.—Miss Margaret Wilson, daughter of the president, ended a two weeks' visit in Madison as the guest of Mr. and Mrs. Joseph E. Davies. She returned to Washington.

## Unafraid.

"Well, my dear," said Mr. Wiggins on the night of election day, "did you vote this morning?"

"I did indeed," replied Mrs. Wiggins. "I not only voted, but I wrote out my reasons for voting as I did on the back of the ballot and signed my name. You men may feel the need of a secret ballot, but I'm not afraid to have anybody know how I voted or why."—Fun.

## BILL DRAFTING IS WORK OF FEW MEN

Air Full of "We, the People" Talk, but Caucus Controls.

BUT THAT'S NOTHING NEW.

Doubtful Whether Tariff Bill or Currency Bill Could Have Been Improved by a Free For All Discussion With Attendant Amendments—Backing Up Wilson—Anti-suffragists Busy.

By ARTHUR W. DUNN.

Washington, July 1.—[Special.]—While there is so much said about the rule of the people, the initiative and referendum and other matters looking toward giving the people more active, direct and personal interest in the business of government, it is interesting to note how it works out in actual legislative procedure.

Already it has been demonstrated that the tariff was formulated by a very few in the recesses of a committee room. It was considered by a caucus and put through the house without change. The procedure in the senate has not differed to any extent up to the present time.

The currency bill was even more closely kept. Not even the majority members of the banking and currency committee had anything to do with it and made a complaint on that account. Chairman Glass, Chairman Owen, Secretary McAdoo and the president formulated, drafted and presented the currency measure to congress for action.

Not a New Method.

The manner in which the important legislation of the present congress has been conducted is not new. It has always been a very few who took hold and formulated bills. But the interesting part of it is that the present congress has been more inclined to "few men power" than any of its predecessors. And this in a day when there has been such a clamor for machine smashing and for allowing the people more voice in their affairs.

Naturally the question will be asked whether a better tariff bill or a better currency bill could have been formulated had both been thrown into the hopper and a free for all discussion with the privilege of all sorts of amendments allowed. It is doubtful whether the measures could have been improved in that way, but the representatives of the people would have had a real opportunity to initiate legislation.

Gallinger Inquires.

"What is peyote?" asked Senator Gallinger during the consideration of the Indian bill.

"The senator from New Mexico can explain," replied Chairman Stone.

"But I would prefer to have the senator from Missouri explain," persisted Gallinger, who saw a little fun in it.

But Stone turned to Senator Fall, who told the senate that peyote was a drink which the Indians made from cactus, which was not so intoxicating as whisky, but a fair substitute.

## A Lone Figure.

Martin Maginnis, who was last a delegate from Montana back in 1887, was in the house recently and wandered about the back rows looking over the members to see if there was any one he knew. Only Seneca Payne and Fred Talbot were in the house when he was last here, and the major looked very lonely. He felt like a real "lone been" when he saw only two familiar faces.

## His Occupation Gone.

Congressman Roddenberry of Georgia is still in the house. The fact that he has not appeared in print nor enlivened the pages of the Congressional Record is because there has been no pension legislation thus far during the session. If the house keeps back all bills save a very few which have been agreed upon by the Democratic caucus Roddenberry's occupation will surely be gone. But there is the regular session next winter. Then there must be pension legislation, and the Georgia member can renew his fight.

## Appraised Wilson.

The Democratic members applauded President Wilson when he concluded his currency message, and yet there were mighty few among them who in private had not kicked vigorously against taking up currency legislation at this session. Most of them believed it was unnecessary, that time should be given to study the question or that the money trust investigation should go forward before action is taken. But still they applauded. The Democratic party is standing solidly behind Wilson.

## The Antis Are Working.

The woman suffragists are not going to have everything their own way in the coming contest before congress. If there is a real contest to amend the constitution so as to permit women to vote. The antis are well organized in Washington and are working hard to prevent any action being taken.

## Getting In the Record.

It is observed that considerable literature of one kind or another is getting into the Record which points out that this is no time to give the Philippines independence. If President Wilson makes Philippine independence a part of his program in the next session of congress he is likely to have a deal of opposition in his own party.

## EFFORTS TO PREVENT WAR PROVE FUTILE

Balkan States Are Now Fighting Among Themselves.

London, July 1.—Prolonged efforts of the powers to prevent the outbreak of a fratricidal war between the Balkan allies have failed.

Fighting began all along the lines where the Bulgarian forces are facing the Servians and Greeks. According to the Greek official account the Bulgarian attack extended over the Greek and Servian front of 140 miles.

The opposing armies accuse each other of initiating the offensive. The Bulgarian representatives at Athens and Belgrade respectively have presented notes protesting against Greek and Servian attacks. The Servian government replied by charging that the Bulgarians are making attacks and repudiating all responsibility.

An Athens dispatch to the Daily Telegraph reports that fighting took place at Saloniki between the Greeks and the Bulgarians.

Finally the Bulgarian garrison surrendered and the town became quiet.

## HEAT CAUSES MANY DEATHS

Eighty-four Persons Succumb in the Central West.

Chicago, July 1.—Reports received showed eighty-four persons died as a result of the heat wave in the Central West.

The heat wave, which has continued uninterruptedly for six days, extended from Denver to Pittsburg, Pa., and as far north as Lake Superior.

From 96 degrees at Pittsburg the temperature through the whole Middle West ranged well into the nineties.

Duluth recording 96 degrees and culminating with 102 degrees at Chicago.

Intense suffering was reported in all the large cities enveloped in the heat wave.

## ISSUE MORE POSTAL BONDS

Check for \$1,116,880 Turned Over to United States Treasurer.

Washington, July 1.—A check for \$1,116,880 was transmitted to the treasurer of the United States by Postmaster General Burleson in payment for postal savings bonds to that amount, which had been asked for by postal savings depositors in various states.

This is the fifth issue of the postal savings bonds. The amount applied for at this time shows an increase of \$41,900 over the preceding issue Jan. 1.

Sign Decree Dissolving Big Railway Combine.

HEARING OCCURS AT ST. PAUL

Federal Judges Sanborn, Hook and Smith Make Only One Alteration in Agreement Arrived at by the Government and Union and Southern Pacific Lines Providing for Their Separation.

St. Paul, July 1.—Five hours after attorneys for the government and the Union Pacific railroad had submitted their dissolution plan to the federal court the three judges sitting in the cases signed a decree ordering it made effective at once.

Only one change was made in the plan as submitted by the attorneys. The court added a clause naming Lewis C. Krauthoff of New York as commissioner to represent the court to see that the decree is carried out in letter and spirit.

The plan as approved by the court provides that about \$38,000,000 of the capital stock of the Southern Pacific held by the Union Pacific shall be exchanged for approximately an equal amount of the capital stock of the Baltimore and Ohio held by the Pennsylvania road. The remainder of the Southern Pacific stock held by the Union Pacific will be put in the hands of a trust to be disposed of under the direction of the court.

The speedy settlement of the case by the judges of the United States circuit court of Utah, sitting in St. Paul, was a surprise to the attorneys for the roads and for the government. The plan of the railroad attorneys for effecting an exchange of the stock of the Southern Pacific road held by the Union Pacific was found agreeable to the judges of the court, with the exception of a few minor details.

## Becomes Effective at Once.

The signing of the decree by Judges W. H. Sanborn, W. C. Hook and W. L. Smith means that the dissolution of the roads that has been sought by the government since 1908 will be effective as soon as the decree is filed at Salt Lake City. "We deem a decree of dissolution more necessary at the present time than any other action," said Judge Sanborn, after signing it.

The decree as prepared was declared by Attorney General J. C. McReynolds and President Wilson to be satisfactory. The court denied the request of the attorney general made by C. C. Todd, special representative, that there be a delay before the final rendering of the decision of the court.

The plan in brief, as approved by the court, provides that \$38,000,000 of the capital stock of the Southern Pacific road held by the Union Pacific shall be exchanged for practically an equal amount of the stock of the Baltimore and Ohio road, now held by the Pennsylvania road. The remaining \$88,000,000 worth of stock of the Southern Pacific, now in possession of the Union Pacific company, will be placed in the hands of the Central Trust company of New York, appointed by the court as trustee of the stock. This company will dispose of the stock.

## COMMENDS CURRENCY BILL

Frederick Weyerhaeuser Says Measure Is Sound.

St. Paul, July 1.—Frederick Weyerhaeuser, lumber king, one of the richest men in the world, says the Wilson currency bill is drafted on sound principles. Mr. Weyerhaeuser says that the government should control the reserve board, over which there is already much dispute.

As the bill is drafted the reserve board will be in charge of the re-discounting of commercial paper. During a period of business depression national banks, which keep a certain portion of their reserves with the government, will be able to rediscount paper maturing in forty-five days.

The bill provides that the reserve board shall be in the hands of the government. Many bankers say that the national banks should control the board.

"The government should control the board," said Mr. Weyerhaeuser, "and that will mean during hard times a combination of the banks and the government. That is the way it should be and as the people want it I have not read the entire bill, but I am firmly convinced that the reserve board should be in the hands of the government."

## NOT TO RESUME INSURING

Many Fire Risk Companies Reply to Missouri Inquiry.

Jefferson City, Mo., July 1.—One hundred and fifty fire insurance companies cited by the state insurance commission to show why they refused to write insurance in this state filed returns stating that under existing conditions they do not intend to resume trading of fire insurance in Missouri. The companies contend that under the old Oliver law they rerated the state at a cost of \$25,000 and that under the existing Orr law they cannot use these rates.

**Nubbe-Kienow**

The marriage of William G. Nubbe  
to Rosella S. Kienow was celebrated  
Monday afternoon at five o'clock.  
The simple but pleasing ceremony  
was performed by Rev. W. J. Lowrie  
at the home of Mr. and Mrs. Carl  
Bentley, Ninth and Oak street. Mr.  
Nubbe works in the shops and is fa-  
vorably known to many Brainerd peo-  
ple. The bride is from Daggett  
Brook and is well and popularly  
known by a wide circle of friends.  
Mr. Carl Bentley acted as best man  
and Miss Leonora Nubbe, a sister of  
the groom served as bridesmaid. After  
the marriage ceremony a wedding  
supper was enjoyed by the assembled  
guests. The young couple will make  
their home for a short time with Mr.  
and Mrs. Bentley. All join in wish-  
ing them happiness and prosperity.

**Best Laxative for the Aged**

Old men and women feel the need  
of a laxative more than young folks,  
but it must be safe and harmless and  
one which will not cause pain. Dr.

### "The Deerslayer"

A SPECIAL FEATURE IN TWO REELS

The thrilling tale of the pioneers and the Indians in new and un-  
settled days of America.

In "The Deerslayer," an entertaining photo-play produced by the  
Vitagraph company, founded upon the well-known tale of J. Fen-  
imore Cooper, an excellent idea is given of the frontier life among  
trappers and hunters about the middle of the eighteenth century be-  
fore the time of the revolution. This play, which is a magnificent  
two-part feature, enacted on the very spot in which the novelist  
located his story, Lake Ostego, and abounds with powerful dramatic  
situations. The part of the heroine is played by Miss Florence  
Turner, one of the most popular of all moving-picture players.

## "The Deerslayer"

A SPECIAL FEATURE IN TWO REELS

The thrilling tale of the pioneers and the Indians in new and unsettled days of America.  
In "The Deerslayer," an entertaining photo-play produced by the Vitagraph company, founded upon the well-known tale of J. Fenimore Cooper, an excellent idea is given of the frontier life among trappers and hunters about the middle of the eighteenth century before the time of the revolution. This play, which is a magnificent two-part feature, enacted on the very spot in which the novelist located his story, Lake Ostego, and abounds with powerful dramatic situations. The part of the heroine is played by Miss Florence Turner, one of the most popular of all moving-picture players.

## TOUCHES THE TELEPHONE WIRE

Is Hurlled to the Ground 14 Feet Below and Breaks the Fifth Dorsal Vertebra in Back

Paul Peterson, aged 12, son of Ole Peterson residing 2 and 1/2 miles from the Cuyuna Range Power company dam, on Monday evening climbed a steel pole of the company and touched a telephone wire above the high tension wire.

The shock burned his hand and threw him to the stony ground fourteen feet below, breaking his back.

The pole line is near the road at this point and his feeble cries were heard by a neighbor named Stanley who was driving near by. He picked up the lad and took him to his parents' home. Dr. R. A. Belse was summoned from Brainerd. The boy was taken to St. Joseph's hospital and upon examination it was ascertained that the fifth dorsal vertebra was fractured and the bones pressing on the spinal column.

As a result the lad is paralyzed from the waist down. All control of the nerves in this part of the body has been lost.

His entire body has been placed in a plaster cast and he is suspended above his bed in a strap arrangement. His recovery is doubtful.

## WATER &amp; LIGHT BOARD

Petitions for Electric Light and Water Mains Referred to Commissioner Weidemann

President M. T. Dunn and Commissioner Weidemann were present at the meeting of the water and light board.

John Lund and Ole Anderson asked for better service on their premises in Northeast Brainerd. The matter was left to Commissioner Weidemann to investigate.

A communication from City Engineer C. D. Peacock relative to a proposed 8 inch water main from Fir street to Northeast Prescott street, crossing the general sewer in the ravine, was laid on the table until the next meeting.

Pat Burke, assistant engineer at the pumping station, in a communication addressed to the board, asked for an increase in salary.

Commissioner Weidemann stated that the chief engineer held only a first class engineer's license. On motion it was ordered that the chief engineer be required to take out a chief engineer's license and that the assistant engineers be given a temporary raise in salary from July 1 to October 1 of \$5 a month.

A petition for electric service in Howe & Spalding's addition was referred to Commissioner Weidemann.

A petition for 4 inch water mains on North Bluff avenue between Third and Fourth streets and on Northeast Fourth avenue between Pine and Prescott streets was referred to Commissioner Weidemann.

A number of bills of a routine nature were allowed and ordered paid. The secretary was instructed to advertise for bids for laying new water mains.

## COMMENCING TODAY PARCELS C. O. D.

Postoffices Inaugurate Collect on Delivery System with Limit of \$100 for a 10 Cent Fee

## DISTINCTIVE STAMP DISCARDED

Parcel Post Stamps Valid on All Mail, Ordinary Stamps will Carry Parcel Post Packages

Beginning today, Tuesday, July 1st, parcels can be sent C. O. D. through the mails, the order for this new phase of the parcel post system having become effective.

A fee of 10 cents is charged for the C. O. D. service. This is paid in additional postage stamps attached to the package. Not more than \$100 will be collected by the government on any package. The attaching of the additional stamps also serves to insure the package against loss up to \$50 value.

The sender of a parcel by C. O. D. will be given a receipt. The packages only will be received at money order postoffices and addressed only to money order offices.

On the address tag the amount due the sender is stated, also the address of both parties. The tag is detached on delivery and is used as an application for the money order to be returned to the sender. The addressee will not be permitted to examine the contents until the charges are paid on the parcel. A parcel may be forwarded on payment of additional postage.

Another new feature that will be received with considerable satisfaction by the general public is announced in the daily press of the country, and is undoubtedly correct although the local office has not been officially notified, is the doing away with the distinctive stamp on parcel post matter. The telegram regarding this new feature says:

"Parcel post stamps will be valid on all classes of mail on and after July 1 and ordinary stamps, including commemorative issues, will be good for postage on parcel post packages, under an order issued by Postmaster General Burleson. As the distinctive parcel post stamp could heretofore be used only on one class of mail matter much annoyance was caused the public."

## FIFTH STREET PAVING

Meeting of Property Owners Results in Instructions to City Engineer that are Satisfactory

A meeting of the property owners on Fifth street north was held at the city hall last night in response to a call from the city engineer, the object being to acquaint the people who are interested and who pay the bills with the condition of the curbing already laid before going ahead with the pavement of the same which has been ordered and for which bids are now being asked. The curbing is irregular in height and varies on the two sides of the street. The question considered was whether it would be advisable to correct the irregularities by raising or lowering the curbing where they existed or to put in the improvement to conform to the curbing as it is, with possibly a slight change at the points where the same is the most noticeable. A motion was finally made and carried as printed

below which covered the sentiment of those present, and their signatures were attached, and the signatures of others that could be reached were secured after the meeting adjourned. This gives City Engineer Peacock the sentiment of the property owners and he will fix the street accordingly. The motion adopted and the signatures affixed to it follows:

"Moved that the city engineer be instructed by the property owners in mass meeting assembled to proceed with the work of paving North Fifth street, conforming to the present curbing as near as possible, and without unnecessary delay. ## A SERIES OF GAMES

Brainerd Plays Akeley in Brainerd on the Fourth, July 5th and the 6th

Brainerd plays a series of three games with Akeley commencing July 4th. The game for the Fourth has been set for 3 o'clock at the Koering grounds. The Saturday game will be played at 3:30 and the Sunday game at 3 o'clock.

Akeley is a fast team and gave a good account of itself in previous games with Brainerd. The local team, by good practice and the advantage afforded by the layoff during the holiday, will have the pep which will undoubtedly make them winners two out of three.

## COMMENCING TODAY PARCELS C. O. D.

Postoffices Inaugurate Collect on Delivery System with Limit of \$100 for a 10 Cent Fee

## DISTINCTIVE STAMP DISCARDED

Parcel Post Stamps Valid on All Mail, Ordinary Stamps will Carry Parcel Post Packages

Beginning today, Tuesday, July 1st, parcels can be sent C. O. D. through the mails, the order for this new phase of the parcel post system having become effective.

A fee of 10 cents is charged for the C. O. D. service. This is paid in additional postage stamps attached to the package. Not more than \$100 will be collected by the government on any package. The attaching of the additional stamps also serves to insure the package against loss up to \$50 value.

The sender of a parcel by C. O. D. will be given a receipt. The packages only will be received at money order postoffices and addressed only to money order offices.

On the address tag the amount due the sender is stated, also the address of both parties. The tag is detached on delivery and is used as an application for the money order to be returned to the sender. The addressee will not be permitted to examine the contents until the charges are paid on the parcel. A parcel may be forwarded on payment of additional postage.

Another new feature that will be received with considerable satisfaction by the general public is announced in the daily press of the country, and is undoubtedly correct although the local office has not been officially notified, is the doing away with the distinctive stamp on parcel post matter. The telegram regarding this new feature says:

"Parcel post stamps will be valid on all classes of mail on and after July 1 and ordinary stamps, including commemorative issues, will be good for postage on parcel post packages, under an order issued by Postmaster General Burleson. As the distinctive parcel post stamp could heretofore be used only on one class of mail matter much annoyance was caused the public."

## FIFTH STREET PAVING

Meeting of Property Owners Results in Instructions to City Engineer that are Satisfactory

A meeting of the property owners on Fifth street north was held at the city hall last night in response to a call from the city engineer, the object being to acquaint the people who are interested and who pay the bills with the condition of the curbing already laid before going ahead with the pavement of the same which has been ordered and for which bids are now being asked. The curbing is irregular in height and varies on the two sides of the street. The question considered was whether it would be advisable to correct the irregularities by raising or lowering the curbing where they existed or to put in the improvement to conform to the curbing as it is, with possibly a slight change at the points where the same is the most noticeable. A motion was finally made and carried as printed

below which covered the sentiment of those present, and their signatures were attached, and the signatures of others that could be reached were secured after the meeting adjourned. This gives City Engineer Peacock the sentiment of the property owners and he will fix the street accordingly. The motion adopted and the signatures affixed to it follows:

"Moved that the city engineer be instructed by the property owners in mass meeting assembled to proceed with the work of paving North Fifth street, conforming to the present curbing as near as possible, and without unnecessary delay. Signed,

## A SERIES OF GAMES

Brainerd Plays Akeley in Brainerd on the Fourth, July 5th and the 6th

Brainerd plays a series of three games with Akeley commencing July 4th. The game for the Fourth has been set for 3 o'clock at the Koorling grounds. The Saturday game will be played at 3:30 and the Sunday game at 3 o'clock.

Akeley is a fast team and gave a good account of itself in previous games with Brainerd. The local team, by good practice and the advantage afforded by the layoff during the holiday, will have the pep which will undoubtedly make them winners two out of three.

## MARCHING CLUB

Met at Gardner Hall Monday Evening and 15 are put Through a Course of Marching

Preparatory to appearing in the Fourth of July parade, the Boosters Marching club met at Gardner hall and organized. Wm. Nelson was elected captain and S. R. Adair manager.

Capt. Nelson put the assembled 15 through a course of marching and E. W. Dunn estimates he covered 5 miles in the evolutions which embraced about everything in national gaud tactics.

The club holds another meeting at Gardner hall this evening and all are requested to be present as the club wants to make a good showing on the Fourth. The Boosters are the last ones in the parade and they will have to march very good if they want to excel the various organizations preceding them.

## FORMER BRAINERD MAN

The Lodi, California Sentinel Publishes the Obituary of E. M. Westfall June 24.

E. M. Westfall, who died at his home in Lodi Friday, June 20th, was 64 years old at the time of his death, having been born in Hannibal, Missouri, on December 1st, 1848.

His early life was spent in the town of his birth. When still a young man he moved to Brainerd, Minnesota, where he was connected for a short time with the Northern Pacific railroad. Later he became engaged in the mercantile business, which he pursued for nearly 25 years.

In the affairs of Brainerd Mr. Westfall was prominent, and his uprightness and force of character won him many staunch friends, and he was held in high esteem by all those who were associated with him. He was married at Brainerd in 1878, to Isabel Scoville.

Owing to failing health, Mr. Westfall was obliged to give up active business and came to California about nine years ago, seven of which he lived in Lodi. During these years he engaged in photography, in which he had always taken a great deal of interest and pleasure. He was a Knights Templar, F. & A. M.

Mr. Westfall is survived by his wife, two sisters, Mrs. H. P. Jacques of Ferguson, Missouri; Mrs. A. F. Easterday, of Mina, Arkansas; a brother, J. R. Westfall of Three Forks, Montana, and two half brothers, Hiram Westfall and Warren Westfall of New York City.

The funeral which was private, was held from the residence, 309 West Pine Street, on Sunday, June 22nd. Interment was in Lodi cemetery.—Lodi Sentinel.

## Little Falls Hot Air Story

Little Falls, Minn., July 1.—A curiosity to ascertain the temperature in the rear of his store cost D. H. Harting a good thermometer Saturday, as the instrument registered only 122 above, not enough to record the heat from the rays of the sun. The thermometer registered 93 degrees inside the store and Mr. Harting decided to learn what the temperature was in the sun.

The mercury mounted steadily to

120 and a few minutes later when his clerk, Leo Thompson, went out to inspect the instrument he found that the mercury had mounted to the top of the tube and expanding further had burst the bulb.

The government thermometer registered a maximum of 95 above Saturday with a minimum of 59. Sunday the maximum was 93 and the minimum 73.

## NO CONCERT WEDNESDAY

Brainerd City Band Omits Wednesday Evening Concert, Playing Fourth of July Instead

There will be no band concert on Wednesday evening. The Brainerd City band plays instead at the ball park on Fourth of July evening when the fireworks are set off.

Then, amidst the rockets' red glare and the explosion of Roman candles, fire crackers and bombs, the band will play its select repertoire of patriotic music.

The ball park is a natural amphitheater and thousands will have the opportunity to hear the band and see the big display of fireworks.

NO CONCERT WEDNESDAY

Brainerd City Band Omits Wednesday Evening Concert, Playing Fourth of July Instead

There will be no band concert on Wednesday evening. The Brainerd City band plays instead at the ball park on Fourth of July evening when the fireworks are set off.

Then, amidst the rockets' red glare and the explosion of Roman candles, fire crackers and bombs, the band will play its select repertoire of patriotic music.

The ball park is a natural amphitheater and thousands will have the opportunity to hear the band and see the big display of fireworks.

## SHAKE HANDS IN BROTHERLY WAY

Men in Blue and Gray Mingle at Gettysburg.

Forty Thousand on Hand

Army of Aged Warriors Appears United in Sentiment and Fact, as Foes of Fifty Years Ago March Together, Eat Together and Swap Stories Over Camp Fires—First Minnesota Receives an Ovation on Its Arrival.

Gettysburg, Pa., July 1.—Over the field of Gettysburg, where 150,000 men in blue and gray fought with the weapons of war fifty years ago, the soldiers of peace from the North and the South, the East and the West, trooped to the tented city of brown where they will live in the four days of semi-centennial celebration.

It was an army united in sentiment and united in fact, for the blue linked arms with the gray. They marched the dusty road together, they sat down at the same mess tables and talked over the war before the same camp fires.

If there was any rancor in any heart, any feeling of bitterness, it did not come to the surface and over the road of peace the "city" reunions of those who won and those who tried went on hour after hour.

Officials of the regular army in charge of the camp estimated that nearly 15,000 veterans came in, bringing the total close to 40,000, probably the greatest army that ever assembled on Gettysburg field after Lee and Meade left it to glory and to history.

The sun blazed just as fiercely as ever, but down from the Blue Ridge came a lively little breeze that stirred the fading grass and cutting in the open tent flaps, carrying vigor to the tired veterans.

In consequence of this relief there were fewer prostrations and the surgeons at relief and hospital stations hope that the list of the sick and dead will be small.

The First Minnesota veterans, the command which suffered the greatest percentage of loss of any regiment in the Gettysburg battle, were greeted with cheers on their arrival here. The Minnesotans are accompanied by Governor Eberhart of that state.

Edgar A. Bigsley, a veteran of Vaucluse, Wis., was found dead in his tent. This brings the death list to three.

## DELAY ON CURRENCY BILL

House Committee Wants Time to Look Measure Over.

Washington July 1.—The speed of the smoothly geared legislative machinery planned to rush the administration currency bill through the house with dispatch was reduced at a conference of the Democratic members of the house banking and currency committee.

The majority members decided to allow themselves a week to think the bill over. They will meet again next Monday to plan the course of the measure through the committee, to discuss holding public hearings on the bill and making committee deliberations open to the public.

Meantime Chairman Glass was authorized to select an expert to advise with the committee. H. Parker Willis of New York may be the expert.

## UNCLE SAM BUYS FOREST

Total Acreage of 113,909 Purchased by Government.

Washington, July 1.—The first forest upon the water shed of the Ohio river to be acquired for the government was approved for purchase by the national forestry reservation commission.

It is included in what is known as the Monongahela area, at the head of the Monongahela river, and embraces two tracts aggregating 29,567 acres, for which an average price of \$3.06 an acre is to be paid.

Four acres in all were approved, the total acreage being 113,909, the largest purchase ever passed upon by the commission at one time.

## SUSPEND FLAX RATE RAISE

Twin Cities Affected by Order of Interstate Commerce Body.

Washington, July 1.—Increases in freight rates on flaxseed, ranging from 6 to 11 1/2 cents a hundred pounds, from the Twin Cities and other Northwestern points to Missouri river destinations, were suspended by the interstate commerce commission until Oct. 29.

## Japs Send Another Note.

Washington, July 1.—Viscount Chinda, the Japanese ambassador, informed Secretary Bryan that the Japanese foreign office had dispatched to him for delivery to the United States a note additional to the last Japanese rejoinder in the matter of the California alien land law negotiations.

## Wilson Signs Indian Bill.

Washington, July 1.—The Indian appropriation bill, carrying \$11,000,000 for the fiscal year beginning today, has been signed by President Wilson.

## INQUIRY WILL RESUME AT ONCE

Senate Committee Decides to Press Lobby Probe.

## SUMMONS WALL STREET MEN

Disclosures of Martin M. Mulhall of Baltimore, Former Agent of the National Association of Manufacturers, Will Be Taken Up as Soon as Possible—Chairman Overman Confers With President Wilson.

Washington, July 1.—Investigation of lobbyists and lobbies by the senate will reopen Wednesday, with a number of prominent Wall street men as witnesses.

Chairman Overman of the special committee decided, after a talk with President Wilson and informal conferences with his committee associates, to renew activity at once, instead of waiting until July 8, as had been planned.

Claims of Martin M. Mulhall of Baltimore, that as lobbyist for the National Association of Manufacturers he had maintained for years close relations with certain members of congress and financed their campaigns for re-election, have moved the lobby committee to interrogate all persons connected with any of the recent lobby disclosures, as rapidly as they can be heard.

Witnesses for Wednesday include Paul Cravath and Lewis Cass Ledyard, prominent New York attorneys, and David Lamar, a Wall street financial man.

The investigation will center about charges recently made by Robert S. Lovett of the Union Pacific railroad that many New York financiers and lawyers had been approached over the telephone by lobbyists and persons representing themselves to be members of congress.

Until this branch of the inquiry is disposed of the committee probably will not take up the more recent disclosures of Mr. Mulhall. Mulhall is under subpoena to appear July 8 and steps have been taken by the senate committee to get possession of the letters and papers Mr. Mulhall preserved, bearing upon his alleged operations as a lobbyist.

## ANSWERS MULHALL CHARGES

Colonel Pope Says Manufacturers Dismissed Agent.

New York, July 1.—In a statement issued Colonel George Pope, president of the National Association of Manufacturers, replied to charges made by Martin M. Mulhall.

"During his connection with the association Mr. Mulhall was continuously promoting, as has since been learned, many private and personal matters of his own, especially in the political field," he said. "In these private matters he has used the name of the association and assumed to represent it without authority. It was the discovery of activities of this kind on his part, coupled with other serious betrayals of trust, that caused his dismissal by the association."

## KIRBY DISCUSSES CHARGES

Says Mulhall Was Dismissed by Manufacturers for Unreliability.

San Francisco July 1.—"Mulhall was dismissed by the National Association of Manufacturers for unreliability. His business was to look out for the association's interest, generally getting new members. He, with my knowledge or consent, never was engaged in influencing legislation of any sort for the association."

This was the statement made by John Kirby, Jr., former president of the National Association of Manufacturers, when his attention was called to the "confession" made in Washington by Colonel M. M. Mulhall, former employee of the association.

## DROWNINGS ON IRON RANGE

One Fatality Near Hibbing and Another at Biwabik.

Duluth, July 1.—Drownings, storms with damage and intense heat were experienced on the Minnesota iron range.

George Nara, a miner, twenty-two years old, was drowned near Hibbing while bathing.

Near Biwabik, Arthur Ekman was drowned in the Whiteface river.

## SEVEN DIE IN GOTHAM FIRE

Bodies Taken From Hotel Debris Include Woman and Child.

New York, July 1.—The bodies of seven persons, lodgers in Till's hotel, a small place at 66 Greenwich street, were taken from the top floor after a fire in the building. One of the bodies is that of a woman and another of a three-year-old child. None has been identified. A dozen injured were taken to hospitals.

## JAMES A. FOWLER.

Assistant Attorney General Intends to Retire Aug. 1.

## TRUST BUSTER WILL RESIGN

Fowler Delays Withdrawal at Request of Chief.

Washington, July 1.—James A. Fowler, assistant to Attorney General McKendall and "trust buster" of both the Taft and Wilson administrations, will resign on Aug. 1. He had intended retiring today, but at the request of the attorney general will remain another month.

## DOZEN BOYS DROWN WHEN BRIDGE FALLS

Crowd on Frail Structure Leading to Bathhouse.

Lawrence, Mass., July 1.—A narrow wooden walk leading over fifteen feet of water to the municipal bathhouse in the Merrimack river gave way under the feet of a crowd of impatient boys and at least twelve of the little fellows were drowned.

There may be more bodies in the stream.

The boys, ranging from nine to fifteen years, were waiting for the bathhouse keeper to open the door. No one knew how many there were in the party, but it is thought that forty is a conservative estimate.

The boys were jumping up and down as they shouted to the keeper to open up, when the supports sank and the walk extension dropped like a trap door, rolling the lads into the river.

There is a swift current at this point drawn by the falls a quarter of a mile below and the youngsters were caught in this. Many of them could not swim. Witnesses say that all disappeared in a flash.

## WAGE INCREASE IS PLANNED

Secretary Daniels to Recommend Advance in Navy Yards.

Washington, July 1.—Wage increases for employees of Atlantic coast navy yards are likely to be recommended within a short time by Secretary Daniels.

In conference with the naval committee of the senate and house the secretary announced his purpose of giving the men in the yards adequate representation on the boards which fix the wage scales.

Secretary Daniels has summoned the commandants of all navy yards on the Atlantic coast except Key West to assemble in Washington Wednesday to take up the wage problems.

## BALL GAME CAUSES INSANITY

Farmer Fires Revolver Into Crowd and Then Kills Himself.

Atchison, Kan., July 1.—Harry Schenke, a farmer of Rushville, Mo., who came here to witness a ball game, became suddenly insane and after firing his revolver into a crowd and wounding five persons killed himself.

The shooting took place on a downtown street after Schenke had indulged in an argument over the ball game. It is not believed any of the others struck will die from their wounds. Schenke's sudden insanity was attributed by physicians to excitement, coupled with the intense heat.

## MISS WILSON GOES HOME.

Madison, Wis., July 1.—Miss Margaret Wilson, daughter of the president, ended a two weeks' visit in Madison as the guest of Mr. and Mrs. Joseph E. Davies. She returned to Washington.

## Unafraid.

"Well, my dear," said Mr. Wiggins on the night of election day, "did you vote this morning?"

"I did indeed," replied Mrs. Wiggins. "I not only voted, but I wrote out my reasons for voting as I did on the back of the ballot and signed my name. You men may feel the need of a secret ballot, but I'm not afraid to have anybody know how I voted or why."—Fun.

## BILL DRAFTING IS WORK OF FEW MEN

Air Full of "We, the People" Talk, but Caucus Controls.

BUT THAT'S NOTHING NEW.

Doubtful Whether Tariff Bill or Currency Bill Could Have Been Improved by a Free For All Discussion With Attendant Amendments—Backing Up Wilson—Anti-suffragists Busy.

By ARTHUR W. DUNN.

Washington, July 1.—[Special.]—While there is so much said about the rule of the people, the initiative and referendum and other matters looking toward giving the people more active, direct and personal interest in the business of government, it is interesting to note how it works out in actual legislative procedure.

Already it has been demonstrated that the tariff was formulated by a very few in the recesses of a committee room. It was considered by a caucus and put through the house without change. The procedure in the senate has not differed to any extent up to the present time.

The currency bill was even more closely kept. Not even the majority members of the banking and currency committee had anything to do with it and made a complaint on that account. Chairman Glass, Chairman Owen, Secretary McAdoo and the president formulated, drafted and presented the currency measure to congress for action.

## Not a New Method.

The manner in which the important legislation of the present congress has been conducted is not new. It has always been a very few who took hold and formulated bills. But the interesting part of it is that the present congress has been more inclined to "few men power" than any of its predecessors. And this in a day when there has been such a clamor for machine smashing and for allowing the people more voice in their affairs.

Naturally the question will be asked whether a better tariff bill or a better currency bill could have been formulated had both been thrown into the hopper and a free for all discussion with the privilege of all sorts of amendments allowed. It is doubtful whether the measures could have been improved in that way, but the representatives of the people would have had a real opportunity to initiate legislation.

Gallinger Inquires. "What is peyote?" asked Senator Gallinger during the consideration of the Indian bill.

"The senator from New Mexico can explain," replied Chairman Stone.

"But I would prefer to have the senator from Missouri explain," persisted Gallinger, who saw a little fun in it.

But Stone turned to Senator Fall, who told the senate that peyote was a drink which the Indians made from cactus, which was not so intoxicating as whisky, but a fair substitute.

## A Lone Figure.

Martin Maginnis, who was last a delegate from Montana back in 1887, was in the house recently and wandered about the back rows looking over the members to see if there was any one he knew. Only Seneca Payne and Fred Talbot were in the house when he was last here, and the major looked very lonely. He felt like a real "has been" when he saw only two familiar faces.

## His Occupation Gone.

Congressman Roddenberry of Georgia is still in the house. The fact that he has not appeared in print nor delivered the pages of the Congressional Record is because there has been no pension legislation thus far during the session. If the house keeps back all bills save a very few which have been agreed upon by the Democratic caucus Roddenberry's occupation will surely be gone. But there is the regular session next winter. Then there must be pension legislation, and the Georgia member can renew his fight.

Appointed Wilson. The Democratic members applauded President Wilson when he concluded his currency message, and yet there were mighty few among them who in private had not kicked vigorously against taking up currency legislation at this session. Most of them believed it was unnecessary, that time should be given to study the question or that the money trust investigation should go forward before action is taken. But still they applauded. The Democratic party is standing solidly behind Wilson.

## The Antis are Working.

The woman suffragists are not going to have everything their own way in the coming contest before congress. If there is a real contest to amend the constitution so as to permit women to vote. The antis are well organized in Washington and are working hard to prevent any action being taken.

Getting in the Record. It is observed that considerable literature of one kind or another is getting into the Record which points out that this is no time to give the Philippines independence. If President Wilson makes Philippine independence a part of his program in the next session of congress he is likely to have a deal of opposition in his own party.

## Silenced.

## MRS. J. B. HARRIMAN.

Only Woman on the New Industrial Commission.

Mrs. J. Borden Harriman of New York, who has gained distinction through her study of social conditions, has been nominated by President Wilson as a member of the new federal commission on industrial relations. She will be the only woman on the commission.

## EFFORTS TO PREVENT WAR PROVE FUTILE

Balkan States Are Now Fighting Among Themselves.

London, July 1.—Prolonged efforts of the powers to prevent the outbreak of a fratricidal war between the Balkan allies have failed.

Fighting began all along the lines where the Bulgarian forces are facing the Servians and Greeks. According to the Greek official account the Bulgarian attack extended over the Greek and Servian front of 140 miles. The opposing armies accuse each other of initiating the offensive. The Bulgarian representatives at Athens and Belgrade respectively have presented notes protesting against Greek and Servian attacks. The Servian government replied by charging that the Bulgarians are making attacks and repudiating all responsibility.

An Athens dispatch to the Daily Telegraph reports that fighting took place at Saloniki between the Greeks and the Bulgarians.

Finally the Bulgarian garrison surrendered and the town became quiet.

## HEAT CAUSES MANY DEATHS

Eighty-four Persons Succumb in the Central West.

Chicago, July 1.—Reports received showed eighty-four persons died as a result of the heat wave in the Central West.

The heat wave, which has continued uninterruptedly for six days, extended from Denver to Pittsburg, Pa., and as far north as Lake Superior.

From 96 degrees at Pittsburg the temperature through the whole Middle West ranged well into the nineties. Duluth recording 96 degrees and culminating with 102 degrees at Chicago. Intense suffering was reported in all the large cities enveloped in the heat wave.

## ISSUE MORE POSTAL BONDS

Check for \$1,116,880 Turned Over to United States Treasurer.

Washington, July 1.—A check for \$1,116,880 was transmitted to the treasurer of the United States by Postmaster General Burleson in payment for postal savings bonds to that amount, which had been asked for by postal savings depositors in various states.

This is the fifth issue of the postal savings bonds. The amount applied for at this time shows an increase of \$41,500 over the preceding issue Jan. 1.

## GIVEN LIFE TERM.

Mexico, Mo., July 1.—John Nicholson of Vandalia, Mo., pleaded guilty in the circuit court here to the charge of murdering his wife, Bertie Nicholson, and their nine-year-old adopted son, Horace, by pouring kerosene and gasoline over them while they slept and setting fire to their bed clothing. He was sentenced to life imprisonment.

## Wells Defeats Mahoney.

London, July 1.—Bombardier Wells successfully defended his title as heavyweight champion of England at the National Sporting club by knocking out Patsy Mahoney of Cork. The finish came in the thirteenth round.

## CAR KILLS CHILD.

St. Paul, July 1.—Six-year-old Dorothy Kaiser coasted to death in a little red wagon. With her bobbed hair flying in the wind, gay ribbons on her head dancing, she guided her rattling play automobile into an oncoming car. She died in thirty minutes. Her friend, Florence Olson, escaped with slight injuries. Florence is eight years old.

## SHAKE HANDS IN BROTHERLY WAY

Men in Blue and Gray Mingle at Gettysburg.

## FORTY THOUSAND ON HAND

Army of Aged Warriors Appears United in Sentiment and Fact, as Foes of Fifty Years Ago March Together, Eat Together and Swap Stories Over Camp Fires—First Minnesota Receives an Ovation on Its Arrival.

Gettysburg, Pa., July 1.—Over the field of Gettysburg, where 150,000 men in blue and gray fought with the weapons of war fifty years ago, the soldiers of peace from the North and the South, the East and the West, trooped to the tented city of brown where they will live in the four days of semi-centennial celebration.

It was an army united in sentiment and united in fact, for the blue linked arms with the gray. They marched the dusty road together, they sat down at the same mess tables and talked over the war before the same camp fires.

If there was any rancor in any heart, any feeling of bitterness, it did not come to the surface and over the road expanse of the "city" reunions of those who won and those who tried went on hour after hour.

Officials of the regular army in charge of the camp estimated that nearly 15,000 veterans came in, bringing the total close to 40,000, probably the greatest army that ever assembled on Gettysburg field after Lee and Meade left it to glory and to history.

The sun blazed just as fiercely as ever, but down from the Blue Ridge tumbled a lively little breeze that stirred the fading grass and cutting in the open tent flaps, carrying vigor to the tired veterans.

In consequence of this relief there were fewer prostrations and the surgeons at relief and hospital stations hope that the list of the sick and dead will be small.

The First Minnesota veterans, the command which suffered the greatest percentage of loss of any regiment in the Gettysburg battle, were greeted with cheers on their arrival here. The Minnesotans are accompanied by Governor Eberhart of that state.

Edgar A. Bigsley, a veteran of Wauwatosa, Wis., was found dead in his tent. This brings the death list to three.

## DELAY ON CURRENCY BILL

House Committee Wants Time to Look Measure Over.

Washington, July 1.—The speed of the smoothly geared legislative machinery planned to rush the administration currency bill through the house with dispatch was reduced at a conference of the Democratic members of the house banking and currency committee.

The majority members decided to allow themselves a week to think the bill over. They will meet again next Monday to plan the course of the measure through the committee, to discuss holding public hearings on the bill and making committee deliberations open to the public.

Meantime Chairman Glass was authorized to select an expert to advise with the committee. H. Parker Willis of New York may be the expert.

## UNCLE SAM BUYS FOREST

Total Acreage of 113,909 Purchased by Government.

Washington, July 1.—The first forest upon the water shed of the Ohio river to be acquired for the government was approved for purchase by the national forestry reservation commission.

It is included in what is known as the Monongahela area, at the head of the Monongahela river, and embraces two tracts aggregating 20,567 acres, for which an average price of \$3.06 an acre is to be paid.

Four areas in all were approved, the total acreage being 113,909, the largest purchase ever passed upon by the commission at one time.

## SUSPEND FLAX RATE RAISE

Twin Cities Affected by Order of Interstate Commerce Body.

Washington, July 1.—Increases in freight rates on flaxseed, ranging from 8 to 11½ cents a hundred pounds, from the Twin Cities and other Northwestern points to Missouri river destinations, were suspended by the interstate commerce commission until Oct. 29.

## Japs Send Another Note.

Washington, July 1.—Viscount Chinda, the Japanese ambassador, informed Secretary Bryan that the Japanese foreign office had dispatched to him for delivery to the United States a note additional to the last Japanese rejoinder in the matter of the California alien land law negotiations.

## Wilson Signs Indian Bill.

Washington, July 1.—The Indian appropriation bill, carrying \$11,000,000 for the fiscal year beginning today, has been signed by President Wilson.

## INQUIRY WILL RESUME AT ONCE

Senate Committee Decides to Press Lobby Probe.

## SUMMONS WALL STREET MEN

Disclosures of Martin M. Mulhall of Baltimore, Former Agent of the National Association of Manufacturers, Will Be Taken Up as Soon as Possible—Chairman Overman Confers With President Wilson.

Washington, July 1.—Investigation of lobbyists and lobbies by the senate will reopen Wednesday, with a number of prominent Wall street men as witnesses.

Chairman Overman of the special committee decided, after a talk with President Wilson and informal conferences with his committee associates, to renew activity at once, instead of waiting until July 8, as had been planned.

Claims of Martin M. Mulhall of Baltimore, that as lobbyist for the National Association of Manufacturers he had maintained for years close relations with certain members of congress and financed their campaigns for re-election, have moved the lobby committee to interrogate all persons connected with any of the recent lobby disclosures, as rapidly as they can be heard.

Witnesses for Wednesday include Paul Cravath and Lewis Cass Leary, prominent New York attorneys, and David Lamar, a Wall street financial man.

The investigation will center about charges recently made by Robert S. Lovett of the Union Pacific railroad that many New York financiers and lawyers had been approached over the telephone by lobbyists and persons representing themselves to be members of congress.

Until this branch of the inquiry is disposed of the committee probably will not take up the more recent disclosures of Mr. Mulhall. Mulhall is under subpoena to appear July 8 and steps have been taken by the senate committee to get possession of the letters and papers Mr. Mulhall preserved, bearing upon his alleged operations as a lobbyist.

## ANSWERS MULHALL CHARGES

Colonel Pope Says Manufacturers Dismissed Agent.

New York, July 1.—In a statement issued Colonel George Pope, president of the National Association of Manufacturers, replied to charges made by Martin M. Mulhall.

"During his connection with the association Mr. Mulhall was continuously promoting, as has since been learned, many private and personal matters of his own, especially in the political field," he said. "In these private matters he has used the name of the association and assumed to represent it without authority. It was the discovery of activities of this kind on his part, coupled with other serious betrayals of trust, that caused his dismissal by the association."

## KIRBY DISCUSSES CHARGES

Says Mulhall Was Dismissed by Manufacturers for Unreliability.

San Francisco, July 1.—"Mulhall was dismissed by the National Association of Manufacturers for unreliability. His business was to look out for the association's interest, generally getting new members. He, with my knowledge or consent, never was engaged in influencing legislation of any sort for the association."

This was the statement made by John Kirby, Jr., former president of the National Association of Manufacturers, when his attention was called to the "confession" made in Washington by Colonel M. M. Mulhall, former employee of the association.

## DROWNINGS ON IRON RANGE

One Fatality Near Hibbing and Another at Biwabik.

Duluth, July 1.—Drownings, storms with damage and intense heat were experienced on the Minnesota iron range.

George Nara, a miner, twenty-two years old, was drowned near Hibbing while bathing.

Near Biwabik, Arthur Ekman was drowned in the Whiteface river.

## SEVEN DIE IN GOTHAM FIRE

Bodies Taken From Hotel Debris Include Woman and Child.

New York, July 1.—The bodies of seven persons, lodgers in Till's hotel, a small place at 66 Greenwich street, were taken from the top floor after a fire in the building. One of the bodies is that of a woman and another of a three-year-old child. None has been identified. A dozen injured were taken to hospitals.

## TRUST BUSTER WILL RESIGN

Fowler Delays Withdrawal at Request of Chief.

Washington, July 1.—James A. Fowler, assistant to Attorney General McReynolds and "trust buster" of both the Taft and Wilson administrations, will resign on Aug. 1. He had intended retiring today, but at the request of the attorney general will remain another month.

## DOZEN BOYS DROWN WHEN BRIDGE FALLS

Crowd on Frail Structure Leading to Bathhouse.

Lawrence, Mass., July 1.—A narrow wooden walk leading over fifteen feet of water to the municipal bathhouse in the Merrimack river gave way under the feet of a crowd of impatient boys and at least twelve of the little fellows were drowned.

There may be more bodies in the stream. The boys, ranging from nine to fifteen years, were waiting for the bathhouse keeper to open the door. No one knew how many there were in the party, but it is thought that forty is a conservative estimate.

The boys were jumping up and down as they shouted to the keeper to open up, when the supports sank and the walk extension dropped like a trap door, rolling the kids into the river.

There is a swift current at this point drawn by the falls a quarter of a mile below and the youngsters were caught in this. Many of them could not swim. Witnesses say that all disappeared in a flash.

## WAGE INCREASE IS PLANNED

Secretary Daniels to Recommend Advance in Navy Yards.

Washington, July 1.—Wage increases for employees of Atlantic coast navy yards are likely to be recommended within a short time by Secretary Daniels.

In conference with the naval committee of the senate and house the secretary announced his purpose of giving the men in the yards adequate representation on the boards which fix the wage scales.

Secretary Daniels has summoned the commandants of all navy yards on the Atlantic coast except Key West to assemble in Washington Wednesday to take up the wage problems.

## BALL GAME CAUSES INSANITY

Farmer Fires Revolver Into Crowd and Then Kills Himself.

Atchison, Kan., July 1.—Harry Schenke, a farmer of Rushville, Mo., who came here to witness a ball game, became suddenly insane and after firing his revolver into a crowd and wounding five persons killed himself.

The shooting took place on a downtown street after Schenke had indulged in an argument over the ball game. It is not believed any of the others struck will die from their wounds. Schenke's sudden insanity was attributed by physicians to excitement, coupled with the intense heat.

## Miss Wilson Goes Home.

Madison, Wis., July 1.—Miss Margaret Wilson, daughter of the president, ended a two weeks' visit in Madison as the guest of Mr. and Mrs. Joseph E. Davies. She returned to Washington.

## Unafraid.

"Well, my dear," said Mr. Wiggins on the night of election day, "did you vote this morning?" "I did indeed," replied Mrs. Wiggins. "I not only voted, but I wrote out my reasons for voting as I did on the back of the ballot and signed my name. You men may feel the need of a secret ballot, but I'm not afraid to have anybody know how I voted or why."—Fun.

## BILL DRAFTING IS WORK OF FEW MEN

Air Full of "We, the People" Talk, but Caucus Controls.

## BUT THAT'S NOTHING NEW.

Doubtful Whether Tariff Bill or Currency Bill Could Have Been Improved by a Free For All Discussion With Attendant Amendments—Backing Up Wilson—Anti-suffragists Busy.

By ARTHUR W. DUNN.

Washington, July 1.—[Special.]—While there is so much said about the rule of the people, the initiative and referendum and other matters looking toward giving the people more active, direct and personal interest in the business of government, it is interesting to note how it works out in actual legislative procedure.

Already it has been demonstrated that the tariff was formulated by a very few in the recesses of a committee room. It was considered by a caucus and put through the house without change. The procedure in the senate has not differed to any extent up to the present time.

The currency bill was even more closely kept. Not even the majority members of the banking and currency committee had anything to do with it and made a complaint on that account. Chairman Glass, Chairman Owen, Secretary McAdoo and the president formulated, drafted and presented the currency measure to congress for action.

## Not a New Method.

The manner in which the important legislation of the present congress has been conducted is not new. It has always been a very few who took hold and formulated bills. But the interesting part of it is that the present congress has been more inclined to "few men power" than any of its predecessors. And this in a day when there has been such a clamor for machine smashing and for allowing the people more voice in their affairs.

Naturally the question will be asked whether a better tariff bill or a better currency bill could have been formulated had both been thrown into the hopper and a free for all discussion with the privilege of all sorts of amendments allowed. It is doubtful whether the measures could have been improved in that way, but the representatives of the people would have had a real opportunity to initiate legislation.

## Gallinger Inquires.

"What is peyote?" asked Senator Gallinger during the consideration of the Indian bill.

"The senator from New Mexico can explain," replied Chairman Stone.

"But I would prefer to have the senator from Missouri explain," persisted Gallinger, who saw a little fun in it. But Stone turned to Senator Fall, who told the senate that peyote was a drink which the Indians made from cactus, which was not so intoxicating as whisky, but a fair substitute.

## A Lone Figure.

Martin Magnus, who was last a delegate from Montana back in 1887, was in the house recently and wandered about the back rows looking over the members to see if there was any one he knew. Only Seneca Payne and Fred Talbot were in the house when he was last here, and the major looked very lonely. He felt like a real "has been" when he saw only two familiar faces.

## His Occupation Gone.

Congressman Roddenberry of Georgia is still in the house. The fact that he has not appeared in print nor lived the pages of the Congressional Record is because there has been no pension legislation thus far during the session. If the house keeps back all bills save a very few which have been agreed upon by the Democratic caucus Roddenberry's occupation will surely be gone. But there is the regular session next winter. Then there must be pension legislation, and the Georgia member can renew his fight.

## Appraised Wilson.

The Democratic members applauded President Wilson when he concluded his currency message, and yet there were mighty few among them who in private had not kicked vigorously against taking up currency legislation at this session. Most of them believed it was unnecessary, that time should be given to study the question or that the money trust investigation should go forward before action is taken. But still they applauded. The Democratic party is standing solidly behind Wilson.

## The Antis Are Working.

The woman suffragists are not going to have everything their own way in the coming contest before congress, if there is a real contest to amend the constitution so as to permit women to vote. The antis are well organized in Washington and are working hard to prevent any action being taken.

## Getting In the Record.

It is observed that considerable literature of one kind or another is getting into the Record which points out that this is no time to give the Philippines independence. If President Wilson makes Philippine independence a part of his program in the next session of congress he is likely to have a deal of opposition in his own party.

Mrs. J. Borden Harriman of New York, who has gained distinction through her study of social conditions, has been nominated by President Wilson as a member of the new federal commission on industrial relations. She will be the only woman on the commission.

## EFFORTS TO PREVENT WAR PROVE FUTILE

Balkan States Are Now Fighting Among Themselves.

London, July 1.—Prolonged efforts of the powers to prevent the outbreak of a fratricidal war between the Balkan allies have failed.

Fighting began all along the lines where the Bulgarian forces are facing the Servians and Greeks. According to the Greek official account the Bulgarian attack extended over the Greek and Servian front of 140 miles.

The opposing armies accuse each other of initiating the offensive. The Bulgarian representatives at Athens and Belgrade respectively have presented notes protesting against Greek and Servian attacks. The Servian government replied by charging that the Bulgarians are making attacks and repudiating all responsibility.

An Athens dispatch to the Daily Telegraph reports that fighting took place at Saloniki between the Greeks and the Bulgarians.

Finally the Bulgarian garrison surrendered and the town became quiet.

## HEAT CAUSES MANY DEATHS

Eighty-four Persons Succumb in the Central West.

Chicago, July 1.—Reports received showed eighty-four persons died as a result of the heat wave in the Central West.

The heat wave, which has continued uninterruptedly for six days, extended from Denver to Pittsburgh, Pa., and as far north as Lake Superior.

From 96 degrees at Pittsburgh the temperature through the whole Middle West ranged well into the nineties, Duluth recording 96 degrees and culminating with 102 degrees at Chicago. Intense suffering was reported in all the large cities enveloped in the heat wave.

## ISSUE MORE POSTAL BONDS

Check for \$1,116,880 Turned Over to United States Treasurer.

Washington, July 1.—A check for \$1,116,880 was transmitted to the treasurer of the United States by Postmaster General Burleson in payment for postal savings bonds to that amount, which had been asked for by postal savings depositors in various states.

This is the fifth issue of the postal savings bonds. The amount applied for at this time shows an increase of \$41,900 over the preceding issue Jan. 1.

## GIVEN LIFE TERM.

Mexico, Mo., July 1.—John Nicholson of Vandallia, Mo., pleaded guilty in the circuit court here to the charge of murdering his wife, Bertie Nicholson, and their nine-year-old adopted son, Horace, by pouring kerosene and gasoline over them while they slept and setting fire to their bed clothing. He was sentenced to life imprisonment.

Sign Decree Dissolving Big Railway Combine.

## HEARING OCCURS AT ST. PAUL

Federal Judges Sanborn, Hook and Smith Make Only One Alteration in Agreement Arrived at by the Government and Union and Southern Pacific Lines Providing for Their Separation.

St. Paul, July 1.—Five hours after attorneys for the government and the Union Pacific railroad had submitted their dissolution plan to the federal court the three judges sitting in the cases signed a decree ordering it made effective at once.

Only one change was made in the plan as submitted by the attorneys. The court added a clause naming Lewis C. Krauthoff of New York as commissioner to represent the court to see that the decree is carried out in letter and spirit.

The plan as approved by the court provides that about \$38,000,000 of the capital stock of the Southern Pacific held by the Union Pacific shall be exchanged for approximately an equal amount of the capital stock of the Baltimore and Ohio held by the Pennsylvania road. The remainder of the Southern Pacific stock held by the Union Pacific will be put in the hands of a trust to be disposed of under the direction of the court.

The speedy settlement of the case by the judges of the United States circuit court of Utah, sitting in St. Paul, was a surprise to the attorneys for the roads and for the government. The plan of the railroad attorneys for effecting an exchange of the stock of the Southern Pacific road held by the Union Pacific was found agreeable to the judges of the court, with the exception of a few minor details.

## Becomes Effective at Once.

The signing of the decree by Judges W. H. Sanborn, W. C. Hook and W. I. Smith means that the dissolution of the roads that has been sought by the government since 1908 will be effective as soon as the decree is filed at Salt Lake City. "We deem a decree of dissolution more necessary at the present time than any other action," said Judge Sanborn, after signing it.

The decree as prepared was declared by Attorney General J. C. McReynolds and President Wilson to be satisfactory. The court denied the request of the attorney general made by C. C. Todd, special representative, that there be a delay before the final rendering of the decision of the court.

The plan in brief, as approved by the court, provides that \$38,000,000 of the capital stock of the Southern Pacific road held by the Union Pacific shall be exchanged for practically an equal amount of the stock of the Baltimore and Ohio road, now held by the Pennsylvania road. The remaining \$88,000,000 worth of stock of the Southern Pacific, now in possession of the Union Pacific company, will be placed in the hands of the Central Trust company of New York, appointed by the court as trustee of the stock. This company will dispose of the stock.

## COMMENDS CURRENCY BILL

Frederick Weyerhaeuser Says Measure Is Sound.

St. Paul, July 1.—Frederick Weyerhaeuser, lumber king, one of the richest men in the world, says the Wilson currency bill is drafted on sound principles. Mr. Weyerhaeuser says that the government should control the reserve board, over which there is already much dispute.

As the bill is drafted the reserve board will be in charge of the rediscounting of commercial paper. During a period of business depression national banks, which keep a certain portion of their reserves with the government, will be able to rediscount paper maturing in forty-five days.

The bill provides that the reserve board shall be in the hands of the government. Many bankers say that the national banks should control the board.

"The government should control the board," said Mr. Weyerhaeuser, "and that will mean during hard times a combination of the banks and the government. That is the way it should be and as the people want I have not read the entire bill, but I am firmly convinced that the reserve board should be in the hands of the government."

## NOT TO RESUME INSURING

Many Fire Risk Companies Reply to Missouri Inquiry.

Jefferson City, Mo., July 1.—One hundred and fifty fire insurance companies cited by the state insurance commission to show why they refused to write insurance in this state filed returns stating that under existing conditions they do not intend to resume trading of fire insurance in Missouri. The companies contended that under the old Oliver law they rated the state at a cost of \$25,000 and that under the existing Orr law they cannot use these rates.

In "The Deerslayer," an entertaining photo-play produced by the  
Vitagraph company, founded upon the well-known tale of J. Fen-  
more Cooper, an excellent idea is given of the frontier life among  
trappers and hunters about the middle of the eighteenth century be-  
fore the time of the revolution. This play, which is a magnificent  
two-part feature, enacted on the very spot in which the novelist  
located his story, Lake Ostego, and abounds with powerful dramatic  
situations. The part of the heroine is played by Miss Florence  
Turner, one of the most popular of all moving-picture players.

The flag pole erected at the shops  
in commemoration of the coming  
Fourth of July had a short, lively car-  
eer. Built of pipe steel and raised  
Monday afternoon, the toying breezes  
of the evening swayed it about and at  
6:45 P. M. it bent and described a  
curve which almost reached its base,  
thus putting it completely out of com-  
mission as a standard bearer of the  
Stars and Stripes on the glorious  
Fourth.

**Nubbe-Kienow**  
The marriage of William G. Nubbe  
to Rosella S. Kienow was celebrated  
Monday afternoon at five o'clock.  
The simple but pleasing ceremony  
was performed by Rev. W. J. Lowrie  
at the home of Mr. and Mrs. Carl  
Bentley, Ninth and Oak street. Mr.  
Nubbe works in the shops and is fa-  
vorably known to many Brainerd peo-  
ple. The bride is from Daggett  
Brook and is well and popularly  
known by a wide circle of friends.  
Mr. Carl Bentley acted as best man  
and Miss Leonora Nubbe, a sister of  
the groom served as bridesmaid. Af-  
ter the marriage ceremony a wedding  
supper was enjoyed by the assembled  
guests. The young couple will make  
their home for a short time with Mr.  
and Mrs. Bentley. All join in wish-  
ing them happiness and prosperity.

## BOY BREAKS BACK IN FALL

Paul Peterson, Aged 12, Receives Shock When He Climbs Steel Pole of Cuyuna Range Power Co.

## TOUCHES THE TELEPHONE WIRE

Is Hurlled to the Ground 14 Feet Below and Breaks the Fifth Dorsal Vertebra in Back

Paul Peterson, aged 12, son of Ole Peterson residing 2 and 1/2 miles from the Cuyuna Range Power company dam, on Monday evening climbed a steel pole of the company and touched a telephone wire above the high tension wire.

The shock burned his hand and threw him to the stony ground fourteen feet below, breaking his back.

The pole line is near the road at this point and his feeble cries were heard by a neighbor named Stanley who was driving near by. He picked up the lad and took him to his parents' home. Dr. R. A. Beise was summoned from Brainerd. The boy was taken to St. Joseph's hospital and upon examination it was ascertained that the fifth dorsal vertebra was fractured and the bones pressing on the spinal column.

As a result the lad is paralyzed from the waist down. All control of the nerves in this part of the body has been lost.

His entire body has been placed in a plaster cast and he is suspended above his bed in a strap arrangement. His recovery is doubtful.

## WATER & LIGHT BOARD

Petitions for Electric Light and Water Mains Referred to Commissioner Weidemann

President M. T. Dunn and Commissioner Weidemann were present at the meeting of the water and light board.

John Lund and Ole Anderson asked for better service on their premises in Northeast Brainerd. The matter was left to Commissioner Weidemann to investigate.

A communication from City Engineer C. D. Peacock relative to a proposed 8 inch water main from First street to Northeast Prescott street, crossing the general sewer in the ravine, was laid on the table until the next meeting.

Pat Burke, assistant engineer at the pumping station, in a communication addressed to the board, asked for an increase in salary.

Commissioner Weidemann stated that the chief engineer held only a first class engineer's license. On motion it was ordered that the chief engineer be required to take out a chief engineer's license and that the assistant engineers be given a temporary raise in salary from July 1 to October 1 of \$5 a month.

A petition for electric service in flowe & Spalding's addition was referred to Commissioner Weidemann.

A petition for 4 inch water mains on North Bluff avenue between Third and Fourth streets and on Northeast Fourth avenue between Pine and Prescott streets was referred to Commissioner Weidemann.

A number of bills of a routine nature were allowed and ordered paid. The secretary was instructed to advertise for bids for laying new water mains.

## COMMENCING TODAY PARCELS C. O. D.

Postoffices Inaugurate Collect on Delivery System with Limit of \$100 for a 10 Cent Fee

### DISTINCTIVE STAMP DISCARDED

Parcel Post Stamps Valid on All Mail, Ordinary Stamps will Carry Parcel Post Packages

Beginning today, Tuesday, July 1st, parcels can be sent C. O. D. through the mails, the order for this new phase of the parcel post system having become effective.

A fee of 10 cents is charged for the C. O. D. service. This is paid in additional postage stamps attached to the package. Not more than \$100 will be collected by the government on any package. The attaching of the additional stamps also serves to insure the package against loss up to \$50 value.

The sender of a parcel by C. O. D. will be given a receipt. The packages only will be received at money order postoffices and addressed only to money order offices.

On the address tag the amount due the sender is stated, also the address of delivery and is used as an application for the money order to be returned to the sender. The addressee will not be permitted to examine the contents until the charges are paid on the parcel. A parcel may be forwarded on payment of additional postage.

Another new feature that will be received with considerable satisfaction by the general public is announced in the daily press of the country, and is undoubtedly correct although the local office has not been officially notified, is the doing away with the distinctive stamp on parcel post matter. The telegram regarding this new feature says:

"Parcel post stamps will be valid on all classes of mail on and after July 1 and ordinary stamps, including commemorative issues, will be good for postage on parcel post packages, under an order issued by Postmaster General Burleson. As the distinctive parcel post stamp could heretofore be used only on one class of mail matter much annoyance was caused the public."

### FIFTH STREET PAVING

Meeting of Property Owners Results in Instructions to City Engineer that are Satisfactory

A meeting of the property owners on Fifth street north was held at the city hall last night in response to a call from the city engineer, the object being to acquaint the people who are interested and who pay the bills with the condition of the curbing already laid before going ahead with the pavement of the same which has been ordered and for which bids are now being asked. The curbing is irregular in height and varies on the two sides of the street. The question considered was whether it would be advisable to correct the irregularities by raising or lowering the curbing where they existed or to put in the improvement to conform to the curbing as it is, with possibly a slight change at the points where the same is the most noticeable. A motion was finally made and carried as printed

below which covered the sentiment of those present, and their signatures were attached, and the signatures of others that could be reached were secured after the meeting adjourned. This gives City Engineer Peacock the sentiment of the property owners and he will fix the street accordingly. The motion adopted and the signatures affixed to it follows:

"Moved that the city engineer be instructed by the property owners in mass meeting assembled to proceed with the work of paving North Fifth street, conforming to the present curbing as near as possible, and without unnecessary delay. Signed,

### A SERIES OF GAMES

Brainerd Plays Akeley in Brainerd on the Fourth, July 5th and the 6th

Brainerd plays a series of three games with Akeley commencing July 4th. The game for the Fourth has been set for 3 o'clock at the Koering grounds. The Saturday game will be played at 3:30 and the Sunday game at 3 o'clock.

Akeley is a fast team and gave a good account of itself in previous games with Brainerd. The local team, by good practice and the advantage afforded by the layoff during the holiday, will have the pep which will undoubtedly make them winners two out of three.

## BOY BREAKS BACK IN FALL

Paul Peterson, Aged 12, Receives Shock When He Climbs Steel Pole of Cuyuna Range Power Co.

## TOUCHES THE TELEPHONE WIRE

Is Hurlled to the Ground 14 Feet Below and Breaks the Fifth Dorsal Vertebra in Back

Paul Peterson, aged 12, son of Ole Peterson residing 2 and 1/2 miles from the Cuyuna Range Power company dam, on Monday evening climbed a steel pole of the company and touched a telephone wire above the high tension wire.

The shock burned his hand and threw him to the stony ground fourteen feet below, breaking his back.

The pole line is near the road at this point and his feeble cries were heard by a neighbor named Stanley who was driving near by. He picked up the lad and took him to his parents' home. Dr. R. A. Beise was summoned from Brainerd. The boy was taken to St. Joseph's hospital and upon examination it was ascertained that the fifth dorsal vertebra was fractured and the bones pressing on the spinal column.

As a result the lad is paralyzed from the waist down. All control of the nerves in this part of the body has been lost.

His entire body has been placed in a plaster cast and he is suspended above his bed in a strap arrangement. His recovery is doubtful.

### Notice, Retail Clerks

## WATER & LIGHT BOARD

Petitions for Electric Light and Water Mains Referred to Commissioner Weidemann

President M. T. Dunn and Commissioner Weidemann were present at the meeting of the water and light board.

John Lund and Ole Anderson asked for better service on their premises in Northeast Brainerd. The matter was left to Commissioner Weidemann to investigate.

A communication from City Engineer C. D. Peacock relative to a proposed 8 inch water main from Fir street to Northeast Prescott street, crossing the general sewer in the ravine, was laid on the table until the next meeting.

Pat Burke, assistant engineer at the pumping station, in a communication addressed to the board, asked for an increase in salary.

Commissioner Weidemann stated that the chief engineer held only a first class engineer's license. On motion it was ordered that the chief engineer be required to take out a chief engineer's license and that the assistant engineers be given a temporary raise in salary from July 1 to October 1 of \$5 a month.

A petition for electric service in flowe & Spalding's addition was referred to Commissioner Weidemann.

A petition for 4 inch water mains on North Bluff avenue between Third and Fourth streets and on Northeast Fourth avenue between Pine and Prescott streets was referred to Commissioner Weidemann.

A number of bills of a routine nature were allowed and ordered paid.

The secretary was instructed to advertise for bids for laying new water mains.

## COMMENCING TODAY PARCELS C. O. D.

Postoffices Inaugurate Collect on Delivery System with Limit of \$100 for a 10 Cent Fee

### DISTINCTIVE STAMP DISCARDED

Parcel Post Stamps Valid on All Mail, Ordinary Stamps will Carry Parcel Post Packages

Beginning today, Tuesday, July 1st, parcels can be sent C. O. D. through the mails, the order for this new phase of the parcel post system having become effective.

A fee of 10 cents is charged for the C. O. D. service. This is paid in additional postage stamps attached to the package. Not more than \$100 will be collected by the government on any package. The attaching of the additional stamps also serves to insure the package against loss up to \$50 value.

The sender of a parcel by C. O. D. will be given a receipt. The packages only will be received at money order postoffices and addressed only to money order offices.

On the address tag the amount due the sender is stated, also the address of both parties. The tag is detached on delivery and is used as an application for the money order to be returned to the sender. The addressee will not be permitted to examine the contents until the charges are paid on the parcel. A parcel may be forwarded on payment of additional postage.

Another new feature that will be received with considerable satisfaction by the general public is announced in the daily press of the country, and is undoubtedly correct although the local office has not been officially notified, is the doing away with the distinctive stamp on parcel post matter. The telegram regarding this new feature says:

"Parcel post stamps will be valid on all classes of mail on and after July 1 and ordinary stamps, including commemorative issues, will be good for postage on parcel post packages, under an order issued by Postmaster General Burleson. As the distinctive parcel post stamp could heretofore be used only on one class of mail matter much annoyance was caused the public."

### FIFTH STREET PAVING

Meeting of Property Owners Results in Instructions to City Engineer that are Satisfactory

A meeting of the property owners on Fifth street north was held at the city hall last night in response to a call from the city engineer, the object being to acquaint the people who are interested and who pay the bills with the condition of the curbing already laid before going ahead with the pavement of the same which has been ordered and for which bids are now being asked. The curbing is irregular in height and varies on the two sides of the street. The question considered was whether it would be advisable to correct the irregularities by raising or lowering the curbing where they existed or to put in the improvement to conform to the curbing as it is, with possibly a slight change at the points where the same is the most noticeable. A motion was finally made and carried as printed

below which covered the sentiment of those present, and their signatures were attached, and the signatures of others that could be reached were secured after the meeting adjourned. This gives City Engineer Peacock the sentiment of the property owners and he will fix the street accordingly. The motion adopted and the signatures affixed to it follows:

"Moved that the city engineer be instructed by the property owners in mass meeting assembled to proceed with the work of paving North Fifth street, conforming to the present curbing as near as possible, and without unnecessary delay. ### A SERIES OF GAMES

Brainerd Plays Akeley in Brainerd on the Fourth, July 5th and the 6th

Brainerd plays a series of three games with Akeley commencing July 4th. The game for the Fourth has been set for 3 o'clock at the Koorng grounds. The Saturday game will be played at 3:30 and the Sunday game at 3 o'clock.

Akeley is a fast team and gave a good account of itself in previous games with Brainerd. The local team, by good practice and the advantage afforded by the layoff during the holiday, will have the pep which will undoubtedly make them winners two out of three.

**MARCHING CLUB**  
Met at Gardner Hall Monday Evening and 15 are put Through a Course of Marching  
Preparatory to appearing in the Fourth of July parade, the Boosters Marching club met at Gardner hall and organized. Wm. Nelson was elected captain and S. R. Adair manager.  
Capt. Nelson put the assembled 15 through a course of marching and E. W. Dunn estimates he covered 5 miles in the evolutions which embraced about everything in national guard tactics.  
The club holds another meeting at Gardner hall this evening and all are requested to be present as the club wants to make a good showing on the Fourth. The Boosters are the last ones in the parade and they will have to march very good if they want to excel the various organizations preceding them.

**FORMER BRAINERD MAN**  
The Lodi, California Sentinel Publishes the Obituary of E. M. Westfall June 24.  
E. M. Westfall, who died at his home in Lodi Friday, June 20th, was 64 years old at the time of his death, having been born in Hannibal, Missouri, on December 1st, 1848.  
His early life was spent in the town of his birth. When still a young man he moved to Brainerd, Minnesota, where he was connected for a short time with the Northern Pacific railroad. Later he became engaged in the mercantile business, which he pursued for nearly 25 years.  
In the affairs of Brainerd Mr. Westfall was prominent, and his uprightness and force of character won him many staunch friends, and he was held in high esteem by all those who were associated with him. He was married at Brainerd in 1878, to Isabel Scoville.  
Owing to failing health, Mr. Westfall was obliged to give up active business and came to California about nine years ago, seven of which he lived in Lodi. During these years he engaged in photography, in which he had always taken a great deal of interest and pleasure. He was a Knights Templar, F. & A. M.  
Mr. Westfall is survived by his wife, two sister, Mrs. H. P. Jacques of Ferguson, Missouri; Mrs. A. F. Easterday, of Mina, Arkansas; a brother, J. R. Westfall of Three Forks, Montana, and two half brothers, Hiram Westfall and Warren Westfall of New York City.  
The funeral which was private, was held from the residence, 309 West Pine Street, on Sunday, June 22nd. Interment was in Lodi cemetery.—Lodi Sentinel.

**Little Falls Hot Air Story**  
Little Falls, Minn., July 1—A curiosity to ascertain the temperature in the rear of his store cost D. H. Harting a good thermometer Saturday, as the instrument registered only 122 above, not enough to record the heat from the rays of the sun. The thermometer registered 95 degrees inside the store and Mr. Harting decided to learn what the temperature was in the sun.  
The mercury mounted steadily to 120 and a few minutes later when his clerk, Leo Thompson, went out to inspect the instrument he found that the mercury had mounted to the top of the tube and expanding further had burst the bulb.  
The government thermometer registered a maximum of 95 above Saturday with a minimum of 59. Sunday the maximum was 93 and the minimum 73.

**Announcement**

## MARCHING CLUB

Met at Gardner Hall Monday Evening and 15 are put Through a Course of Marching

Preparatory to appearing in the Fourth of July parade, the Boosters Marching club met at Gardner hall and organized. Wm. Nelson was elected captain and S. R. Adair manager.

Capt. Nelson put the assembled 15 through a course of marching and E. W. Dunn estimates he covered 5 miles in the evolutions which embraced about everything in national guard tactics.

The club holds another meeting at Gardner hall this evening and all are requested to be present as the club wants to make a good showing on the Fourth. The Boosters are the last ones in the parade and they will have to march very good if they want to excel the various organizations preceding them.

## FORMER BRAINERD MAN

The Lodi, California Sentinel Publishes the Obituary of E. M. Westfall June 24.

E. M. Westfall, who died at his home in Lodi Friday, June 20th, was 64 years old at the time of his death, having been born in Hannibal, Missouri, on December 1st, 1848.

His early life was spent in the town of his birth. When still a young man he moved to Brainerd, Minnesota, where he was connected for a short time with the Northern Pacific railroad. Later he became engaged in the mercantile business, which he pursued for nearly 25 years.

In the affairs of Brainerd Mr. Westfall was prominent, and his uprightness and force of character won him many staunch friends, and he was held in high esteem by all those who were associated with him. He was married at Brainerd in 1878, to Isabel Scoville.

Owing to failing health, Mr. Westfall was obliged to give up active business and came to California about nine years ago, seven of which he lived in Lodi. During these years he engaged in photography, in which he had always taken a great deal of interest and pleasure. He was a Knights Templar, F. & A. M.

Mr. Westfall is survived by his wife, two sisters, Mrs. H. P. Jacques of Ferguson, Missouri; Mrs. A. F. Easterday, of Mina, Arkansas; a brother, J. R. Westfall of Three Forks, Montana, and two half brothers, Hiram Westfall and Warren Westfall of New York City.

The funeral which was private, was held from the residence, 309 West Pine Street, on Sunday, June 22nd. Interment was in Lodi cemetery.—Lodi Sentinel.

## Little Falls Hot Air Story

Little Falls, Minn., July 1.—A curiosity to ascertain the temperature in the rear of his store cost D. H. Harting a good thermometer Saturday, as the instrument registered only 122 above, not enough to record the heat from the rays of the sun. The thermometer registered 93 degrees inside the store and Mr. Harting decided to learn what the temperature was in the sun.

The mercury mounted steadily to 120 and a few minutes later when his clerk, Leo Thompson, went out to inspect the instrument he found that the mercury had mounted to the top of the tube and expanding further had burst the bulb.

The government thermometer registered a maximum of 95 above Saturday with a minimum of 59. Sunday the maximum was 93 and the minimum 73.

## Announcement

William Tilsner, of the New Wide Aways Shoe Shop, begs to announce to the people of Brainerd and vicinity that he has bought the Goldberg shoe shop, 303 South Sixth street.

Shoes will be repaired while you wait. Absolutely no disappointment. Bring your shoes and get them repaired immediately.

All shoes will be genuinely hand sewed and absolutely no machine sewing will be done in the shop. That means that your well is not going to be cut up, or your shoe injured in any way.

And the price will be the same as for machine-sewed soles.

Men's Sewed soles 75c

Ladies' Sewed soles 50c

The only machine which the new shop will use will be the electric finishing machine. Work will be called for and delivered.

## 4th of July Celebration Suit Sale

Only a few more days left for you to take advantage of these very special bargains

**\$9.75 for \$12.50 to \$18** Young men's Suits in sizes 32 to 36. This lot includes every \$12.50 suit in the store in these sizes, and many \$16.50, \$15 and \$18 suits of broken lots that we are willing to make this big sacrifice on in order to clean up these smaller sizes. These are all this season's goods, Kuppenheimer, Sophmore and Arcraft makes which is an unqualified guarantee of their superior quality. You should act quickly to get the full value of this sale as an early selection assures you a better choice from a larger assortment. This is an excellent opportunity to celebrate the 4th of July by dressing up at a small outlay of money. We will have plenty of help during the sale to wait on you promptly.

**\$11.75 for \$15 to \$20** Values in two piece outing suits. There are just 20 suits in this lot in sizes 36 to 42 and it will be advisable for you to act quick to get advantage of this offer for we haven't any more of them and can't get them for they are this season's goods and the factories have quit delivering summer goods.

**\$6.50 for \$10 to \$12.50** Two piece outing suits. This lot includes but ten of these most excellent suits for outdoor wear in sizes 36, 37, 40 and 42 only. They are just a few two piece outing suits that we have left from a large lot and to clean up the lot we will sell them for \$6.50.

**\$2.35 for \$4 to \$5** dress shoes in tan, patent leather and calf that are a little off in style as to toe but not so much as to be really noticeable. Good serviceable shoes from our regular stock that we want to get rid of and we are celebrating by giving you this low price on them. Sizes 5, 6 and 7.

25 cents for up to 50 cent values in wash and silk ties. During the hot summer days when you perspire freely and there is more or less dust, you dirty lots of ties and naturally want something that you can clean without injury to the fabric. Just a little soap and water, a hot iron and in a few minutes you have a practically new tie.

**\$1.75 for \$2.50 to \$3.50** dress shoes, in sizes 5, 6 and 7, that are not just the newest thing in styles, yet they are shoes that have some class to them and can be worn on many occasions and be quite appropriate. Blacks and patent leather. A real 4th of July special for the young fellows that want good shoes at a considerable saving.

Copyright 1913 The House of Kuppenheimer

American models with wide shoulders, pressed fronts and peg top trousers. Many other new and original ideas in lapels and pockets.

Some suits from broken lots in values up to \$22.50 are also included in this lot; extraordinary values at \$15.

**\$2.95 for \$3.50 to \$4.50** Oxfords in black, tan and patent leather in Ralston, Commonwealth and Bostonian makes. These shoes contain all the good qualities of style, fit, comfort, and wear that make our shoes the most sought after men's foot wear in the city. A large lot to select from in all sizes.

**\$1.50 for \$3.00** Telescope felt hats. We have a number of these serviceable hats that we will sell during this 4th of July celebration sale at just one half price. You will find lots of use for just such a hat as this, and it is one of the best buys you can possibly make in the hat line this season.

## NO CONCERT WEDNESDAY

Brainerd City Band Omits Wednesday Evening Concert, Playing Fourth of July Instead

There will be no band concert on Wednesday evening. The Brainerd City band plays instead at the ball park on Fourth of July evening when the fireworks are set off.

Then, amidst the rockets' red glare and the explosion of Roman candles, fire crackers and bombs, the band will play its select repertoire of patriotic music.

The ball park is a natural amphitheater and thousands will have the opportunity to hear the band and see the big display of fireworks.
